A. Explanatory Notes pursuant to MFRS 134 Interim Financial Reporting

A1. Accounting Policies and Methods of Computation

The interim financial statements have been prepared in accordance with MFRS 134, Interim Financial Reporting and paragraph 9.22 of the Bursa Malaysia Securities Berhad Main Market Listing Requirements. The figures for the cumulative period in the current quarter to 30 September 2019 have not been audited. The interim financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 30 June 2019.

The significant accounting policies adopted by the Group in this interim financial report are consistent with those adopted in the annual audited financial statements for the financial year ended 30 June 2019 except for those mentioned in paragraph A1.1 below.

A1.1 During the current financial period, the Group has adopted the following new Malaysian Financial Reporting Standards and interpretations (including the consequential amendments, if any) :-

MFRSs and IC Interpretations (Including The Consequential Amendments) MFRS 16 Leases IC Interpretation 23 Uncertainty Over Income Tax Treatments Amendments to MFRS 9 : Prepayment Features with Negative Compensation Amendments to MFRS 119 : Plan Amendment, Curtailment or Settlement Annual Improvements to MFRS Standards 2015 – 2017 Cycles

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, (if any) did not have any material impact on the Group's financial statements other than as disclosed below :

MFRS 16 Leases

MFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and replaced the previous guidance on lease accounting. Under MFRS 16, the classification of leases as either finance leases or operating leases is eliminated for lessees. All lessees are required to recognise their lease assets and the related lease obligations in the statement of financial position (with limited exceptions) as right-of-use assets and lease liabilities respectively. The right-of-use assets are subject to depreciation and the interest on lease liabilities are calculated using the effective interest method.

The Group adopted MFRS 16 using modified retrospective method and comparatives are not restated.

In summary, the impact of adopting MFRS 16 to opening balances is as follows:

Statement of financial position					
1 July 2019	Impact of changes in accounting policies				
	As previously Reported	MFRS 16 Adjustments	After Adjustments		
Assets	RM 000	RM 000	RM 000
