DISCCOMP BERHAD

(Company No. 55420-P)
(Incorporated in Malaysia)

(a) FRS 8, Operating Segments

FRS 8, requires segment information to be presented on a similar basis to that used for internal reporting purposes. As a result, the Group's segmental reporting had been presented based on the internal reporting to the chief operating decision maker who makes decisions on the allocation of resources and assesses the performance of the reportable segment. This standard does not have any impact on the financial position and results of the Group.

(b) FRS 101, Presentation of Financial Statements

FRS 101 separates owner and non-owner changes in equity. Therefore, the current consolidated statement of changes only includes details of transactions with owners. All non-owner changes in equity are presented as a single line labeled as total comprehensive income. Comparative information, with exception of the requirements under FRS 139, had been re-presented so that it is also in conformity with the revised standard. This standard does not have any impact on the financial position and results of the Group.

(c) FRS 139, Financial Instruments: Recognition and Measurement

Prior to the adoption of FRS 139, financial derivatives were recognised on their settlement dated. Outstanding derivatives at the balance sheet date were not recognised. With the adoption of FRS 139, all financial assets and financial liabilities, including derivatives, are recognised at contract dated when, and only when, the Company or any subsidiary becomes a party to the contractual provisions of the instruments.

The measurement bases applied to the financial assets and financial liabilities in the prior financial year are changed to conform to the measurement standards of FRS 139 in the current quarter. At initial recognition, all financial assets and financial liabilities are measured at their fair value plus in the case of financial instruments not at fair value through profit or loss, transaction costs directly attributable to the acquisition or issuance of the instruments. Subsequent to their initial recognition, the financial assets and financial liabilities are measured as follows:

	Category	Measurement basis
1	Financial instruments at fair value through profit loss	At fair value through profit or loss
2	Held –to-maturity investments	At amortised costs effective interest method
3	Loans and receivables	At amortised costs effective interest method
4	Available-for-sale investment	At fair value through other comprehensive income, unless fair value cannot be reliably measured, in which case, they are measured at cost
5	Loans and other financial liabilities	At amortised cost effective interest method

In accordance with FRS 139, the recognition, derecognition, measurement and hedge accounting requirements are applied prospectively from 1 January 2010. The effects of the remeasurement on 1 January 2010 of the financial assets and financial liabilities brought forward from the previous financial year are adjusted to the opening retained earnings as disclosed in the statement of changes in equity.

(Company No. 55420-P)

18. Commentary on Prospects

The measures taken by the Group to remodel its business strategy to focus on its core products of printers and consumables by working very closely with its OEM (Original Equipment Manufacturer) principals have seen an encouraging results and has enhanced the Group's image to be ranked amongst the top resellers in the country.

We have recently added GPS (Global Positioning System), as a core product to our range, and are selling very well in our retail outlets. We are confident of increasing the Group's revenue with the contribution from this product for the current year.

The domestic economy has recorded an impressive 10.1% growth during the first quarter of 2010 and as such, the IT industry should accordingly see an increase in domestic demand and with our remodeled business directions, we are optimistic that the Group's Revenue will be increased in the current year.

The Group will continue to identify suitable locations throughout the country to open more retail outlets, especially in outstation areas, where our products are still not very well represented.

With the positive outlook and barring any unforeseen circumstances, the Board of Directors expects the Group's result to be satisfactory for the financial year ending 31 December 2010.
