The interim financial statements should be read in conjunction with the audited financial statements of the Group for the financial year ended 31 December 2011. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2011.

The accounting policies, methods of computation and basis of consolidation adopted by the Group in these interim financial statements are consistent with those adopted in the most recent annual audited financial statements for the financial year ended 31 December 2011, save as follows:-

- (a) On 1 January 2012, the Group adopted the following applicable new accounting standards and interpretations (including the consequential amendments) for annual financial periods beginning on or after 1 January 2012
 - FRS 124 (Revised) Related Party Disclosures
 - Amendments to FRS 1 (Revised): Severe Hyperinflation and Removal of Fixed Dates for First-time Adopters
 - Amendments to FRS 7: Disclosures Transfers of Financial Assets
 - Amendments to FRS 112: Recovery of Underlying Assets

The MFRS is to be applied by all Entities Other Than Private Entities for annual periods beginning on or after 1 January 2012, with the exception of entities subject to the application of MFRS 141 Agriculture and IC Interpretation 15 – Agreement for Construction of Real Estate, including its parent, significant investor and venture (herein referred to as "Transitioning Entities").

The Group falls within the definition of Transitioning Entities and has opted to defer adoption of the new MFRS to 1 January 2013. In representing its first MFRS financial statements, the Company will quantify the financial effects of the differences between the current FRS and MFRS.

The majority of the adjustments required on transition will be made, retrospectively, against opening retained profits.

The Group has commenced transitioning its accounting policies and financial reporting from the current FRSs to MFRSs. However, the Group has not completed its quantification of the financial effects of the differences between FRSs and MFRSs due to ongoing assessment by the management. Accordingly, the statements of financial position and the statements of comprehensive income as disclosed in these financial statements for the 3-month period ended 31 March 2012 could be different if prepared under MFRSs.

The Group expects to be in a position to fully comply with the requirements of MFRSs for the financial year ending 31 December 2013.
