	2020 RM'000	2019 RM'000	2020 RM'000	2019 RM'000

(Loss)/Profit before tax	(116)	1,343	705	1,752
(Loss)/Profit after tax	(302)	833	392	1,048

The Group reported revenue of RM29.716 million for the current period ended 30 September 2020, representing a decrease of 19.5% as compared to the prior corresponding period ended 30 September 2019. For the current quarter ended 30 September 2020, the Group achieved revenue of RM15.097 million as compared to the prior year corresponding quarter of RM19.503 million. The decline in revenue for both current period and quarter were attributable to decrease in revenue contribution from the precision machining and stamping segment and the manufacture of electronic components under others segment.

The Group's profit before tax for the current period ended 30 September 2020 amounted to RM0.705 million as compared to RM1.752 million reported in the prior corresponding period ended 30 September 2019. However, the Group recorded a loss before tax of RM0.116 million in the current quarter as compared to a profit before tax of RM1.343 million in the prior year corresponding quarter. The decline in profit before tax was mainly due to drop in Group's revenue and the expenses on share option granted under Employees Share Option Scheme ("ESOS") of RM0.642 million incurred in the current quarter.

Precision engineering and plastic injection moulding segment

Revenue for the current period and quarter ended 30 September 2020 increased by 2.4% and 9.3% respectively as compared to previous year's corresponding period. The increase in revenue was due to higher demand on plastic injection moulding from its existing and new customers.

Precision machining and stamping segment

Revenue for the current period and quarter ended 30 September 2020 decreased by 24.3% and 34.0% respectively as compared to previous year's corresponding period. The decrease was mainly due to lower demand as a result of the global Covid-19 pandemic which has disrupted the precision machining and stamping industry.

Gross profit

The Group's gross profit for the current quarter and period ended 30 September 2020 amounted to RM2.980 million and RM5.829 million respectively, representing a decrease of 17.7% and 4.1% respectively as compared to last year corresponding period. The decline in gross profit was in tandem with the lower revenue recorded.

B2. Comment on material change in profit before tax

	Current	Preceding		
	quarter	quarter	Varia	nce
	RM'000	RM'000	RM'000	%
Revenue	15,097	14,619	478	3.3
(Loss)/Profit before tax	(116)	821	(937)	(114.1)

The Group recorded a loss before tax of RM0.116 million for the current quarter ended 30 September 2020 as compared to a profit before tax of RM0.821 million recorded in the previous quarter ended 30 June 2020. The loss before tax was mainly attributable to the expenses of share option granted under ESOS of RM0.642 million incurred in the current quarter and loss on foreign exchange which affected by strengthening of Ringgit Malaysia against US Dollar.

B3. Future prospects

The Group is of the view that business environment remains volatile and challenging. The ongoing trade tensions between the United States of America and China has dented the global growth. The uncertainties created by the Covid-19 pandemic and disruption in the global supply chain has negatively affected global economic growth beyond anything experienced in nearly a century. However, a resurgence in infectious cases which could weaken and delay the economic recovery has affected the business activities of the Group.

Besides, any significant movement in the exchange rate between Ringgit Malaysia and United States Dollar may result in foreign exchange gains or losses, which may also affect the Group's performance.

Premised on the above, the Group remains cautious on the overall outlook for financial year ending 2021.

B4. Statement by the Board of Directors on revenue or profit estimate, forecast, projection or internal targets

The Group did not announce any revenue or profit estimate, forecast, projection or internal targets for the financial period ended 30 September 2020.

Income tax	207	348
Deferred tax	(21)	(35)
