Revenue

The Group revenue for the current quarter increased by RM19.4 million as compared to immediate preceding quarter was mainly due to upsurge of RM15.3 million revenue from healthcare segments and revenue from gloves segment of RM17.0 million derived by gloves manufacturing business since its commencement of production from October 2021. This increment was offsetting by the absent of revenue from training and seminar services (which amounted RM12.5 million was generated for immediate preceding quarter ended 30 September 2021), subsequently, this subsidiary was disposed in the current quarter under review.

PBIT

The Group recorded a PBIT of RM51.6 million for the current quarter as compared to PBIT of RM45.7 million for the immediate preceding quarter. This is mainly due to profit generated by healthcare segment and gloves segment.

B2. Group's prospects

The Group has aggressively expanded to include four (4) key growth drivers (ie: Healthcare, Glove Manufacturing, Nitrile Butadiene Latex ("NBL") and Integrated Logistics Services which are expected to transform Hong Seng into a conglomerate with diverse business segments that are all able to shine both locally and internationally.

Through its wholly-owned subsidiary, Hong Seng Gloves Sdn Bhd ("HS Gloves"), the Group is in the midst of commissioning six (6) units of Nitrile Butadiene Rubber ("NBR") double former glove dipping production lines at Sungai Petani, Kedah. The productions have commenced in October 2021. Subsequently, the Group plans to expand the production capacity up to 16 lines by end of 2022.

Meanwhile, the Group through its wholly-owned subsidiary Hong Seng Industries Sdn Bhd ("HS Industries") has signed an agreement with the Malaysian Northern Corridor Implementation Authority ("NCIA") to sublease a 102.6-acres industrial land located at Kedah Rubber City ("KRC") for the purpose of setting up its world class integrated NBL manufacturing plant with a planned capacity of up to 960KTPA in four (4) phases. NBL is the raw material required to produce nitrile gloves.

This will enable us to be an integrated glove and NBL manufacturer in Malaysia by having both upstream and downstream segments of the glove manufacturing supply chain. Upon completion, it is expected to contribute up to 20% of the world's total NBL supply.

Lastly but the most interesting of all, the Group is banking on its healthcare arm, HS Bio Group to be the most comprehensive player in the Malaysian private healthcare sector with its end-to-end medical supply chain management solutions. HS Bio is actively involved in managing the entire end-to-end supply chain of COVID-19 testing processes known as HealthChain.

HealthChain encompasses everything from the front-facing and back-end processes, physical logistics, digital healthcare platform, laboratory facilities and research & development ("R&D") services, as well as the provision of medical & healthcare supplies. HS Bio aims to digitalise the entire healthcare industry to build a seamless ecosystem for how medical services will be provided and carried out in future.

Our management believes that despite challenging economic environment amid the COVID-19 pandemic, the impact of COVID-19 on the outlook of economy is likely to be significant in the short term. Our Group is expected to remain resilient while entering this period with liquidity buffers and will seize every opportunity premised on the above to improve our Group's operations and financial performances in the future.
