NOTES TO THE INTERIM FINANCIAL REPORT FOR THE FINANCIAL QUARTER ENDED 31 AUGUST 2007

1 Basis of preparation

The Interim Financial Report of Tamco Corporate Holdings Berhad ("Tamco") and its subsidiaries ("Group") is unaudited and has been prepared in accordance with the Financial Reporting Standards ("FRS") 134: Interim Financial Reporting and Rule 9.22(b) of the Listing Requirements of Bursa Malaysia Securities Berhad for the MESDAQ Market ("MESDAQ Listing Requirements").

The Interim Financial Report of the Group should be read in conjunction with the Group's Audited Financial Statements for the financial year ended 31 May 2007. These explanatory notes attached to the Interim Financial Report provide an explanation of events and transactions that are significant for an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 May 2007.

2 Changes in accounting policies

The significant accounting policies adopted by the Group in this Interim Financial Report are consistent with those adopted in the Group's most recent Audited Financial Statements for the financial year ended 31 May 2007 except for the adoption of the following applicable new/revised FRS:

FRSs and Amendments to FRSs	Effective for financial periods beginning on or after
FRS 117: Leases	1 October 2006
FRS 124: Related Party Disclosures	1 October 2006

The adoption of the revised FRS 117 has resulted in a retrospective change in the accounting policy relating to the classification of leasehold land. The adoption of 124 does not have significant financial impact on the Group except for additional disclosure requirements.

B. ADDITIONAL INFORMATION REQUIRED BY THE MESDAQ LISTING REQUIREMENTS

1 Performance review for the current financial quarter against previous financial year corresponding quarter

The Group reported revenue of RM99.6 million for the financial quarter ended 31 August 2007 compared to RM109.3 million a year ago. Correspondingly, profit before taxation decreased to RM4.4 million from RM5.7 million for the same period.

Although the Group posted lower results, the Switchgear business remained robust. The Switchgear business achieved a marginally higher revenue of RM89.3 million compared to RM87.7 million in the previous financial year. Segmental profit grew to RM6.7 million from RM6.2 million a year ago. The strong demand for switchgears, especially from the Middle East and Malaysia, continues to contribute positively to the Switchgear business. Management will focus on quality delivery of products and services to grow the business in the immediate future as new capacity will be operational by early next financial year.

The System Integration & Trading business segment reported lower revenue of RM16.0 million compared to RM26.6 million in the corresponding period last financial year. The decrease in revenue was mainly due to lesser number of projects secured by the System Integration business. The segment broke-even for the quarter compared to a profit of RM1.6 million last financial year.

2 Material change in the profit after taxation for the current financial quarter as compared with immediate preceding financial quarter

On a quarterly basis, the revenue decreased to RM99.6 million from RM110.5 million in the immediate preceding quarter. The unexpected lower deliveries in China were the main contributing factor for the decrease. However, the situation is expected to improve in the later part of the financial year. Marketing efforts are being stepped up to secure more tenders. Profit before taxation decreased to RM4.4 million from RM5.3 million in the preceding quarter, which is in line with the lower revenue.

3 Prospects for the financial year

As mentioned in Note 9 of Section B, the Company has entered into a Conditional Share Sale Agreement to dispose off its switchgear business ("Proposed Disposals").

The Proposed Disposals are expected to result in a one-time gain on disposal of approximately RM149 million to the Group after netting off estimated expenses relating to the Proposed Disposals of RM12 million. As the Proposed Disposals are expected to be completed by the first half of year 2008, the Proposed Disposals are expected to significantly impact the earnings per share of the Tamco group for the financial year ending 31 May 2008.

Upon completion of the Proposed Disposals, the companies to be disposed would cease to be subsidiaries of Tamco and Tamco would not consolidate the earnings of these companies. However, the loss of future earnings contribution from these companies will be offset by the one-time gain on disposal of approximately RM149 million mentioned above. In addition, Tamco would benefit from interest savings arising from the repayment of Bonds, if part of the proceeds are utilised to repay the

Notes to the Interim Financial Report for the financial quarter ended 31 August 2007

Bonds, and interest income earned on surplus funds placed in interest bearing deposits.

Upon completion of the Proposed Disposals, the Company may be classified by Bursa Malaysia Securities Berhad as a "Cash Company" under Guidance Note No. 2/2006 of MESDAQ Listing Requirements and an affected listed issuer under Guidance Note No. 3/2006 of MESDAQ Listing Requirements.
