For the fourth quarter, the Group generated RM0.75million in revenue, a decrease of 34.84% as compared to the revenue achieved in the 2013 fourth quarter of approximately RM1.15million. The decrease is a result from decline sales by the Data Services segment and Media segment. The Group recorded a loss before taxation ("LBT") of RM1.46million for the current quarter compared to the LBT of RM0.66million registered in the preceding corresponding quarter. The increase of the loss of current quarter was attributed by increase of the cost of sales.

The major decrease is due to the decrease in sales in the Media segment, Data Services segment and Alliance Marketing segment as no significant new project had been secured.

The Group was registered a LBT of approximately RM1.46million for the current quarter as compared to the immediate preceding quarter of a LBT of RM0.7million.
