PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE ACE MARKET LISTING REQUIREMENTS OF BURSA SECURITIES

B1. Review of the performance of the Company

For the current financial quarter ended 30 June 2014, the Group recorded revenue of RM15.028 million and profit before tax of RM1.553 million.

Compared to the previous year corresponding financial quarter, the Group recorded a decrease of RM21.274 million in revenue. The decrease in revenue is mainly attributable to the decreased contribution from the TI and TBF segments, due to lower work orders received. Consequently, profit before tax decreased by RM6.077 million due to the lower revenue and also due to the relatively higher cost of sales incurred during the current financial quarter.

Revenue by segment:

CME

CME was the main revenue contributor for the current financial quarter ended 30 June 2014, comprising 82.9% of the total revenue for the quarter. For current financial quarter and year-to-date, CME recorded decrease in revenue of RM0.428 million and increase of RM1.898 million respectively as compared to the same periods in the preceding year. The differences are mainly attributable to the staggered roll-out of the major projects currently undertaken by the Group.

<u>TI</u>

TI contributed 14.7% of the total revenue for the current financial quarter. For current financial quarter and year-to-date, TI recorded decreases in revenue of RM4.89 million and RM12.411 million respectively as compared to the same periods in the preceding year. The decrease was due to the lower number of TI works being commissioned by customers.

TBF

TBF contributed 2.4% of the total revenue for the current financial quarter. For current financial quarter and year-to-date, TBF recorded decreases in revenue of RM15.302 million and RM14.339 million respectively as compared to the same periods in the preceding year. The decrease was due to the low number of TBF sites required by customers.

	2014	2014

Profit before tax	1,553	4,658

Compared to the preceding financial quarter, the Group recorded decreases of RM10.023 million in revenue and RM3.105 million in profit before tax, which were mainly due to the staggered roll-out of the major projects currently undertaken by the Group which resulted in lower CME revenue for the current financial quarter and also due to the lower TBF revenue due to low number of TBF sites required by customers.
