QUARTERLY REPORT ON CONSOLIDATED RESULTS FOR THE QUARTER ENDED 30 JUNE 2010

A NOTES TO THE INTERIM FINANCIAL REPORT

A1 Basis of preparation of Interim Financial Report

The interim financial report is unaudited and has been prepared in accordance with the requirements of FRS 134, "Interim Financial Reporting", issued by the Malaysian Accounting Standards Board ("MASB") and the disclosure requirements as set out in Appendix 9B of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

The accounting policies and methods of computation adopted in this interim financial statements are consistent with those adopted in the audited financial statements for the financial year ended 31 December 2009 except for the adoption of the new/revised Financial Reporting Standards (FRSs) and Issues Committee Interpretations ("IC Interpretations") that are effective for financial period beginning on or after 1 January 2010. The FRSs which are effective beginning on 1 January 2010 and have financial impact on the results and the financial position of the Group are:

(a) FRS 101: Presentation of Financial Statements (revised in 2009)

FRS 101 (revised in 2009), which supersedes FRS 101 Presentation of Financial Statements (revised in 2005), affects the presentation of owner changes in equity and comprehensive income. It requires an entity to present all owner changes in equity in a statement of changes in equity. All non-owner changes in equity (i.e. comprehensive income) are required to be presented in one statement of comprehensive income or two statements (a separate income statement and a statement of comprehensive income). The Group has elected to show other comprehensive income in one statement. FRS 101 (revised in 2009) also changes the titles of the financial statements to reflect their function more closely, for example, the titles "balance sheet" and "cash flow statement" are renamed as "statement of financial position" and "statement of cash flows" respectively. This standard did not have any significant impact on the results and the financial position of the Group.

(b) Amendments to FRS 117 Leases

The amendments to FRS 117 requires the Group with existing leases of land and buildings (combined) to reassess the classification of land as a finance or operating lease. The Group has reclassified the existing prepaid lease payments to property, plant and equipment following this reassessment, with no impact on the financial position and results of the Group. However, as a result of the adoption of the Amendments to FRS 117, comparative balances have been restated as follows:

		Effects of	
		changes in	
	As previously reported RM	accounting policy RM	As restated RM
	LYIAI	LZIAI	
Property, plant and equipment	29,078,022	1,566,640	30,644,662
Prepaid lease payments	1,566,640_	(1,566,640)	

The adoption of the other revised FRSs and IC Interpretations that are effective for financial periods beginning on or after 1 January 2010 did not have any significant financial impact on the results and the financial position of the Group.

The interim financial report should be read in conjunction with the audited financial statements for the year ended 31 December 2009. These explanatory notes attached to the interim financial report provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the year ended 31 December 2009.
