B ADDITIONAL INFORMATION PURSUANT TO BURSA SECURITIES LISTING REQUIREMENTS

B1. Review of the Group's results for the current financial quarter ended 31 March 2015

For the current financial quarter ended 31 March 2015, the Group achieved unaudited revenue of RM2.3 million as compared to RM2.7 million recorded in the previous year corresponding quarter. The decrease in revenue was attributed to the lower income generated from the project management services.

The profit after tax of the Group for the current financial quarter was approximately RM0.9 million as compared to RM1.8 million recorded in the previous year corresponding quarter. The decrease in profit after tax was mainly due to the lower income generated from the project management services and the expenses incurred on the Proposals as disclosed in Note B7(b) in the current financial quarter.

B2. Material changes in profit after tax for the current financial quarter compared to the immediate preceding quarter

The profit after tax of the Group for the current financial quarter (RM0.9 million) was lower than that of the immediate preceding quarter (RM1.5 million) principally attributed to the lower income generated from the project management services in the current financial quarter.

B3. Current year prospect

Barring unforeseen circumstances, the Board of Directors anticipates that the performance of the Group for the financial year ending 31 December 2015 will be favourable as compared to the financial year ended 31 December 2014.

B4. Profit forecast / Profit guarantee

There was no profit forecast issued by the Group in respect of the current financial year.

In conjunction with the proposed regularisation scheme, the Company has on 25 February 2014 entered into a Profit Guarantee Agreement with Ideal Sun City Sdn Bhd ("ISCSB") wherein amongst others ISCSB guarantees that the consolidated profit after tax of the Company for the financial year ended 31 December 2014 shall not be less than RM5,200,000. The Company has recorded an audited consolidated profit after tax of approximately RM5.6 million for the financial year ended 31 December 2014. Accordingly, the profit guarantee for the financial year ended 31 December 2014 has been satisfied.

Pursuant to the Profit Guarantee Agreement, a cash amount of RM5,200,000 has been deposited by ISCSB with the Company as security (which is accounted for under "Other payables and accrued expenses" in the Condensed Consolidated Statement of Financial Position) and is to be utilised to effect the profit guarantee should there be a shortfall based on the audited consolidated financial results of the Company.
