#### 7) Future prospects:

#### 7.1 Impact from the fire at main plant in Klang on 22 October 2017:

We are still in the process of ascertaining the computation of claim as the adjuster and our team continues to work through the numbers and agree on the loss suffered but eventually we will finalized the claimed amount in the short months ahead. We have put in an initial claim to the insurers to help us in the recovery process as the Group has ordered more than 290 CNCs worth about RM75 million and also buying a 60,000 sf built up ready to move in factory in Ayutthaya, Thailand on 3.5 acres freehold land for Baht 73 million or RM10 million. We have also rented another 2 factories in Klang to provide additional space for recovery as well as production space.

#### 7.2 Recovery Plan:

We have redistributed work to use whatever spare capacity we have within the Group factories while awaiting the arrival of the new machines and double up the work wherever we are able to try and meet the production lost in the main fire. We must thank the readiness and eagerness of all parties especially the staff and management to help in this massive effort.

Tenders have been called for the reinstatement of the factory building that will be removed and rebuilt.

Most of our customers are understanding and helpful and we will recover to full as quickly as we can.

Please bear in mind, we will be impairing the fire loss in Q1FY2018.

#### 7.3 New and Existing Businesses:

The auto braking plungers business is expected to have a double-digit growth in FY2018 especially in electric and hybrid cars.

The production for the lifestyle consumer electronics segment will take to production as soon as possible as it is a high volume product.

We have also made inroads to a major MNC production equipment maker in the semi-conductor space which has good prospects.

The Group continues to invest in new technologies and diversifying its customer and industry bases.

Finally, due to the need to conserve cash in the light of the fire incident the Board has decided to defer any dividend payment for this and next quarter until things are back to normal.

#### **B4. PROFIT FORECAST, PROFIT GUARANTEE AND INTERNAL TARGETS**

The Group did not issue any profit guarantee and profit forecast during the current financial period to date.
