## A2. Change in Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statement for the year ended 31 December 2006 except for the adoption of the following new/revised Financial Reporting Standards ("FRS") effective for financial period beginning 1 January 2007:

FRS 117 Leases

FRS 124 Related Party Disclosures

The new/revised FRS which has impact on the financial statements of the Group is as follows:

#### (a) FRS 117: Leases

The adoption of the revised FRS 117 has resulted in a retrospective change in the accounting policy relating to the reclassification of leasehold land. The up-front payments made for the leasehold land represents prepaid lease payments and are amortised on a straight-line basis over the lease term. A lease of land and building is apportioned into a lease of land and a lease of building in proportion to the relative fair values of the leasehold interests in the land element and the building element of the lease at the inception of the lease. Prior to 1 January 2007, leasehold land was classified as property, plant and equipment and was stated at cost less accumulated depreciation.
