The Proposed Private Placement will enable INSBIO to raise funds without incurring interest cost compared to bank borrowings. The Board views the Proposed Private Placement as the most appropriate avenue of raising funds given the short expected timeframe for completion of the exercise as compared to other exercise that may require further shareholders' approval.

Bursa Securities had vide its letter dated 30 September 2011, approved the listing and quotation of up to 28,603,862 placement shares to be issued pursuant to the Proposed Private Placement subject to the conditions as per INSBIO's announcement on 30 September 2011. The approval had since lapsed on 29 March 2012 and OSK had, on behalf of the Board, submitted an application to Bursa Securities to seek an extension of time of six (6) months to implement the Proposed Private Placement.

On 20 March 2012, Bursa Securities had approved the application for an extension of time of six (6) months from 30 March 2012 to 29 September 2012 for the Company to complete the Proposed Private Placement.

# **B9.** Material litigations

There were no other material litigations since the last financial period ended 30 June 2012 except for the following:-

(i) Legal proceedings commenced by Christian Coffinet and Frank Annenberg (collectively "the Plaintiffs") against INSBIO, Datuk Yeat Sew Chuong, Wong Seng Tong and 7 other Defendants (collectively "the Defendants")

On 30 October 2012, the Board wishes to announce that the Company is involved in a civil suit filed by Christian Coffinet and Frank Annenberg (collectively "the Plaintiffs") on 28.1.2011 against INSBIO, Datuk Yeat Sew Chuong, Wong Seng Tong and 7 other Defendants (collectively "the Defendants") bearing Case No. SC 111260 in Los Angeles Superior Court, State of California, United States of America.

The relief sought against the Defendants as pleaded in the Summons vis-à-vis each of the cause of action include amongst others, general and compensatory damages in excess of US\$963,000, prejudgment interest, consequential damages, emotional damages, punitive damages, monetary damages, loss of profit, economic damages and restitution respectively. The estimated potential liability as evidenced in the Plaintiff's request for entry of default is at US\$1,101,710.00.

The Company has engaged a legal firm in the United States of America, Reyes Law Group ("RLG"), to defend the suit for and on behalf of the Company, its directors, Datuk Yeat Sew Chuong and Wong Seng Tong and INS Holdings.

The Company and its directors, Datuk Yeat Sew Chuong and Wong Seng Tong have represented to RLG that the Company does not have any contractual relationship with INS USA nor the Plaintiffs and the Company does not have common directors and shareholders with INS USA and as such a proposed step being contemplated is to file a motion for summary judgment at some point shortly before trial, which if successful will get the Plaintiffs' case dismissed.

RLG is of the opinion that the Plaintiffs' legal position has no real merit and it will be easy enough to prove that the Company's version of facts is correct. If there is any liability of INS USA to be proven, it should not create any liability for the Company as they have no legal relationship to each other.

Based on the announcement on 22 February 2013, the Board announced that the Company has been notified by the Company's solicitors vide its letter dated 21 February 2013 that pursuant to the stipulation filed in court by the Plaintiff's attorney, one of the Plaintiff, Christian Coffinet agreed to dismiss all claims made against some of the Defendants, namely INSBIO, INS Holdings Bhd, Datuk David Yeat Sew Chuong, Wong Seng Tong, Edward Ling, Carmelita Reyes and Marissa Cris Gines. Also, the Board noted the other plaintiff, Frank Annenberg had set-aside his claims towards INSBIO on 31 August 2012.

Based on the above, the directors are of the view that the Company does not expect to incur any losses arising from the suit and the suit will not have any effect on the Company's financial position and operation.
