B3 Prospects

In view of the current economic sentiment, there seems to be more positive signs in the market especially on the scheduled waste management business arena with much more emphasis given by the Malaysian Government through the Ministry of Environment, Natural Resources and Climate Change in terms of spearheading and pushing for compliance of waste generators and promoting the renewable energy space in order to achieve Malaysia's 2050 net zero target. Tex Cycle being already one of the key players to this ESG sector would definitely be of support towards this directive and work towards this agenda especially with the drive from BURSA and many of the financial institutions. The rejuvenated Board hereby wishes to emphasise that the Group has more appetite and open to undertake Mergers & Acquisitions ("M&As") for the greater good of all stakeholders. As such the Board and Management aim to drive Tex Cycle into becoming a stronger player in the ESG market space with its involvement in scheduled waste management and renewable energy as well as other related activities which would be a great traction in the near future.

As of the date of this quarterly report, some of the predominant progress of the Group are as follows:

1 On 19 October 2023, the Company has entered into a conditional share sale agreement ("SSA") with Harbir Singh Gill S/O Ajaib Singh Gill to acquire 290 ordinary shares in Ground Control Sdn Bhd ("GCSB"), representing 29% equity interest in GCSB, for a total cash consideration of RM435,000.00 and proposed subscription of 197,710 GCSB ordinary shares at a subscription price of RM197,710.00, representing RM1.00 per ordinary share.
