The Group revenue for the current quarter under review is RM1.23 million. The revenue was generated mainly from:-

- mTouche (Thailand) Co. Ltd. on messaging content services and mobile apps; and
- mTouche International Sdn. Bhd. on messaging content services.

The Group recorded loss before tax for the current quarter under review of RM4.13 million which was mainly due to depreciation of property, plant and equipment and amortisation of intangible assets of RM1.36 million and impairment loss on intangible assets of RM4.21 million.

## **B2.** Material Changes in Loss before Tax for the Quarter Compared with Immediate Preceding Quarter

	Current Period Quarter 30.06.2023 RM'000	Immediate Preceding Quarter 31.03.2023 RM'000

The Group's revenue had decreased from RM1.49 million in the immediate preceding quarter to RM1.23 million during the current financial quarter, a decrease of 17.6% which is due to decrease in revenue on messaging content services during current financial quarter.

#### **B3.** Commentary on Prospects

The Group's core businesses, which include telco services, digital media contents, and advertising, the Group will keep putting more effort into streamlining its operations, pursuing improvements in its goods and services along with other initiatives like brand-rebuilding, continuing to release new apps to meet consumer demand, and increasing operational effectiveness.

The Group purchased two (2) lots of commercial properties at Troika KLCC, which is strategically located at KL City Centre for the Group's long-term sustainable recurring income business. This was done as part of the Group's diversification into Healthcare related businesses to set up its lifestyle Wellness and Recovery services. The two lot of commercial unit is starting in renovation for future wellness and recovery business purpose. Meanwhile, the demand for Covid-19 test kits sold by the Group has decreased, and there is now more competition from other distributors and a lower profit margin.

Based on the aforementioned, the Group is cautiously anticipating the long-term policies of the Malaysian government that will lead to more regulations that are consistent on economic activity, clarity for corporate operations, and improved attitudes toward consumer confidence.
