UNAUDITED INTERIM FINANCIAL REPORT FOR THE SECOND QUARTER ENDED 31 OCTOBER 2006

A1. Basis of preparation (Cont'd)

FRS 101 Presentation of Financial Statements

The adoption of the revised FRS 101 has affected the presentation of the minority interest. In the consolidated balance sheet, minority interest is now presented within total equity whereas in the consolidated income statement, minority interest is presented as an allocation of the total profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity.

FRS 101 also requires disclosure in the statement of changes in equity for total recognized income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest.
