B1 REVIEW OF PERFORMANCE

For the 9 months ended 30 September 2008, the group's revenue grew 11.58% to RM8.96 million compared to RM8.03 million achieved in the corresponding period in the previous year. This was mainly due to the growing business in the Group's six fertility treatment branches nationwide (the sixth and the latest branch in Penang was acquired in September 2008) and sales from the wellness program.

However, for the 9 months ended 30 September 2008, the group's profit after taxation decreased to RM3.74 million, a drop of 51.93% compared to RM7.78 million achieved in the corresponding period in the previous year. Expansion in human resources in preparation for the Group's flagship tertiary hospital, which is scheduled to commence operation in December 2008, was the main reason for the increase in operation costs.
