Higher revenue was mainly due to higher patient load supported by additional bed capacity, additional consultants recruited and continuing marketing activities. Higher profit before tax margin of 18% compared to quarter ended 29 February 2016 of 15% was mainly due to lower fair value charges on ESOS and resource optimisation during the quarter.

Review of results for the financial period

	6 months ended		
	28/02/2017 RM'000	29/02/2016 RM'000

Higher growth rate in profit before taxation compared to revenue is mainly due to lower fair value charges on ESOS and resource optimisation during the period which have driven higher EBITDA margin of 19% in the current financial period compared to EBITDA margin of 17% in 6 months financial period ended 29 February 2016.

Material factors affecting the earnings and / or revenue of the Group

The material factors that affect the earnings and / or revenue of the Group are the successful recruitment of doctors practicing in our facilities, additional services offered by the Group and higher intensity cases handled.

Compared with the immediate preceding quarter ended 30 November 2016, revenue for the quarter ended 28 February 2017 was lower by 2% to RM35.5 million while profit before taxation was higher by 3% to RM6.3 million. The lower revenue for the quarter ended 28 February 2017 was mainly affected by extended holiday season brought about by the proximity of the start of the new calendar year and the Chinese New Year festivities where a number of our specialists and staff were away during the extended holiday period directly affected patient volumes. B3 PROSPECTS FOR THE FINANCIAL YEAR ENDING 31 AUGUST 2017

Current overall economic environment will affect the healthcare sector but the Group expects to build on its growth momentum through the new Ipoh Fertility Centre which commenced operations in February 2017 and additional specialist clinics opened in January 2017 at Tropicana Medical Centre in Kota Damansara. The Group will ramp up marketing efforts, especially for foreign patients which we see as a driver for growth even if domestic demand is affected by the muted overall economic climate. The Group's two major expansion projects at Kota Damansara and Iskandariah Hospital in Johor Bahru are in the midst of obtaining the relevant regulatory approvals.
