#### 2. Changes in Accounting Policies

The significant accounting policies adopted are consistent with those of the audited financial statements for the year ended 31 December 2006 which includes the following Financial Reporting Standards ("FRS"): -

| FRS 2 | Share-based Payment |
|-------|---------------------|
|-------|---------------------|

- FRS 3 Business Combinations
- FRS 5 Non-current Assets Held for sale and Discontinued Operations
- FRS 101 Presentation of Financial Statements
- FRS 102 Inventories
- FRS 108 Accounting Policies, Changes in Estimates and Errors
- FRS 110 Events after Balance Sheet Date
- FRS 116 Property, Plant and Equipment
- FRS 121 The Effects of Changes in Foreign Exchange Rules
- FRS 127 Consolidated and Separated Financial Statements
- FRS 132 Financial Instruments: Disclosure and Presentation
- FRS 133 Earnings Per Share
- FRS 136 Impairment of Assets
- FRS 138 Intangible Assets

#### 2. Changes in Accounting Policies – cont'd

The adoption of the above FRSs, except for FRS3, does not have significant financial impact on the Group. The principal effect of the changes in accounting policies resulting from the adoption of FRS3 is disclosed in Note A2.1 below.

The revised FRSs which would be adopted from the financial period beginning 1 January 2007 are:

| FRS 117 | Leases                    |
|---------|---------------------------|
| FRS 124 | Related Party Disclosures |

### 2.1 FRS 3: Business Combinations

The new FRS 3 has resulted in consequential amendments to two other accounting standards, FRS 136 and FRS 138.

Intangible assets – goodwill

Under FRS 3, any excess of the Group's interest in the net fair value of acquirees' identifiable assets, liabilities and contingent liabilities over cost of acquisitions (previously referred to as "negative goodwill"), after reassessment, is now recognised immediately in profit or loss. In accordance with the transitional provisions of FRS3, the negative goodwill as at 1 January 2006 of RM2,124,353 was derecognised with a corresponding adjustment to the opening balance of the retained earnings.

Intangible assets other than goodwill

Under the new FRS 138, computer software is an intangible asset. The new FRS 138 requires that the useful lives of intangible assets other than goodwill be assessed at individual asset level as having either a finite or infinite life. Some of the intangible assets are regarded to have an indefinite useful life when, based on an analysis of all of the relevant factors, there is no foreseeable limit to the period over which the asset is expected to generate net cash inflows for the Group. Intangible assets with definite useful lives are not amortised but instead, are tested for impairment annually. In accordance with the transitional provisions of FRS 138, the changes in the useful life assessment from finite to indefinite is made on a prospective basis.

### 2.2 FRS 101: Presentation of Financial Statements

The adoption of the revised FRS 101 has affected the presentation of minority interest, and other related disclosures. In the consolidated balance sheet, minority interest is now presented within total equity. In the consolidated income statement, minority interest is presented as an allocation of the net profit or loss for the period. A similar requirement is also applicable to the statement of changes in equity.

# 2.2 FRS 101: Presentation of Financial Statements (continue)

FRS 101 also requires disclosure, on the face of the statement of changes in equity, total recognised income and expenses for the period, showing separately the amounts attributable to equity holders of the parent and to minority interest.
