All lessees are required to recognized their leased assets and related leased obligations in the statement of financial position (with limited exceptions). #### **B3. COMMENTARY ON PROSPECTS**

The Group continues to concentrate its management resources towards its F&B segment and Property Investment segment, which we believe will provide positive medium term growth. On this note, management will:-

- (i) continue its diversification initiative to develop a mixed commercial development which will feature retail/ F&B lots, event hall, a Chinese restaurant, a seafood restaurant, a karaoke centre and car parks in a 5-storey building with a basement level to be erected on a piece of land next to TREC KL and the Tun Razak Exchange; and
- (ii) leverage on its existing F&B outlets, namely "Chaze", "LAVO" "Maze", "Liberte" and "Bounce" to further expand its F&B business including amongst others, opening of additional outlets or launching new F&B brands.

Besides these ventures, the Board is currently re-examining the Engineering Service Segment as its contribution has dwindled over the past few years. Nevertheless, this segment will be maintained in the short term pending management's review of the segment's market condition.

The Board believes that the above mentioned initiatives in the F&B and property investment management should place the Group in a better position to further improve its financial performance in the near future.
