PART B – EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD FOR THE MAIN MARKET

B1. Review of performance

For the financial year ended (“FYE”) 31 August 2011, the Group achieved revenue and profit before taxation of approximately RM58 million and RM4.2 million respectively, which were mainly contributed from the sales of its existing own brand mobile charging products and customized design battery packs. The decrease in revenue and profit before taxation by RM16.03 million and RM5.68 million respectively compared to the preceding year were mainly contributed from the decrease in sales volume, depreciation of US Dollar against the Ringgit Malaysia as well as foreign exchange losses.

B2. Variation of results against preceding quarter

Compared to the preceding quarter, the Group’s revenue of approximately RM16.28 million (2011 Q3 : RM15.63 million) for the current quarter under review, showed an increase of approximately RM0.65 million or 4.16%. This was mainly due to higher sales to the Group’s existing customers.

The Group achieved a higher profit before taxation of approximately RM1.42 million (2011 Q3 : RM1.25 million) for the quarter under review, an increase of approximately RM0.17 million or 13.60% compared to the preceding quarter mainly due to the higher revenue and also improvement in foreign exchange.

B3. Prospects for the financial year ending 31 August 2012

Barring any unforeseen circumstances, the Group expects to achieve satisfactory performance for the year ending 31 August 2012 with its continuous efforts to undertake more new business negotiations, upgrade its engineering capabilities and technical know-how as well as provide more enhanced and value-added services and innovative solutions to its customers.

Apart from the existing mobile charging products, the Group is at the stage of commercialising its products in applications such as golf carts, electric bicycles, and solar projects.

Increasingly, the Group will focus on working in collaboration with system integrators to implement projects that utilise its green technology batteries. These include government projects, such as rural electrification programme for schools and housing via solar power system, and private sector companies that are keen to embrace green technology.

As the world’s demand for energy grows, along with concerns over depleting energy sources and global warming, the Group, which provides innovative energy storage solutions, foresees an increase in demand for its products.

B4. Variance on forecast profit/profit guarantee

The Group is not subjected to any profit forecast or profit guarantee.

B5. Tax expense

The tax expense for the current year relates to Deferred Taxation.

There is no income tax charge on the ETICB Group because the income of its wholly-owned subsidiary ETMSB is exempted from tax due to its pioneer status granted by Multimedia Development Corporation Sdn Bhd (“MDC”). Under this incentive, 100% of ETMSB’s statutory income derived from the development and commercialisation of the Polymer Lithium Ion (“PLi”) battery series version 1, 2, 3, 4, 6, 8 and above, 14S EV battery packs, MCU based PCM’s, Green Genset, Mobile charger with added features and High Power Battery Bank are exempted from income tax for a period of five (5) years from 15 July 2008 to 14 July 2013.

B6. Profit/(Loss) on sale of unquoted investments and/or properties

There was no sale of unquoted investments and/or properties during the current quarter under review and financial period-to-date.

B7. Purchase or disposal of quoted securities

There was no purchase or disposal of quoted securities during the current quarter under review and financial period-to-date.
