During the quarter and period ended 31 March 2022, the Group recorded an unaudited revenue of RM1.48 million, which had decreased by 51%, as compared to the revenue recorded at RM3 million in the corresponding quarter of the preceding year.

The Managed Customer Loyalty Services ("MCLS") segment remained as the major revenue contributor to the Group whereby the segment of MCLS in Indonesia contributed a significant portion compared to MCLS business in Malaysia. The revenue of MCLS business in Indonesia is still the major contributor of revenue for the quarter and period under review contributing approximately 91% of the total Group's revenue. The reduction of revenue was mainly due to reduction in customers and customers' orders due to strong competition in the market in Indonesia when comparing the same quarter of current and preceding year.

For the revenue of MCLS segment in Malaysia, RM0.13 million was recorded for the quarter and period under review as compared to preceding year corresponding quarter's and period's recorded revenue of RM0.37 million. The revenue of the MCLS segment in Malaysia had decreased due to orders had decreased from our major client during the quarter and period under review as compared to the preceding year corresponding quarter and period. In the preceding corresponding quarter and period, the service orders from our major client were at its peak.

The Group's unaudited loss before tax for the quarter and period ended 31 March 2022 recorded at RM0.86 million, as compared to the loss before tax recorded at RM0.66 million in the corresponding quarter and period of the preceding year. This was mainly due to significant decrease in gross profit margin in MCLS Malaysia as a result of the reduction of selling prices and sales volume from our major client.

15. Material Changes in The Loss Before Tax As Compared To the Immediate Preceding Quarter

TABLE 2: FINANCIAL REVIEW FOR CURRENT QUARTER COMPARED WITH IMMEDIATE PRECEDING QUARTER

		Individual Quarter						
		Immediate						
	Current	Preceding	Changes	Changes				
	Quarter	Quarter	Amount	%				
	31.03.2022	31.12.2021

Loss for the period attributable to: Owners of the Company	(860)	(2,127)	1,267	-60%				

The Group recorded a revenue of RM1.48 million in this quarter which increased by 56% compared to revenue of RM0.94 million in the preceding quarter which was mainly contributed by the Group's Indonesian subsidiary company as a result of new project secured in the current quarter under reviewed after the completion of one in the immediate preceding quarter.

The Group recorded an unaudited loss before tax of RM0.86 million as compared to the audited loss before tax of RM2.13 million in the preceding quarter. The decreased in losses was mainly due to the decrease in the Group's operational expenses in the current quarter. In the preceding quarter, most of the expenses incurred on the settlement of material litigations, while the was no legal fees incurred in current quarter.

16. Prospects

The current quarter continued to be a slow period due to the festivities which resulted in reduced business trading volume despite improved business sentiments.

The Group is expected to see improved performance in the near future as the current consolidation process of existing Managed Customer Loyalty Systems (MCLS) is ongoing. The realignment of business strategies for both Malaysian and Indonesian operations is expected to yield positive results.

Efforts are still in progress of identifying a new business income stream to ensure sustainability for the Group.

17. Profit forecast

The Group did not disclose or announce any profit forecast or profit guarantee in any public document in the financial quarter under review.
