B. ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS

B1. Review of performance

The Group recorded revenue of approximately RM71.3 million for the six (6) months ended 30 June 2010 ("FP 2010"), representing an increase of 5.8% compared with RM67.4 million for the preceding corresponding period ended 30 June 2009 ("FP 2009"). The higher revenue for FP 2010 was mainly due to higher demand for the Group's services in Singapore and the Philippines.

Against the same period last year, profit before tax ("PBT") increased three-fold from RM2.7 million to RM8.8 million. The higher PBT recorded by the Group for FP 2010 was mainly due to the following:

- (a) Higher margin during the current period arising from lower subcontracting cost; and
- (b) Share of profit of associates during the current period as compared to share of losses of associates in preceding corresponding period.

However, the improvement in profit before tax was partially offset by a one-time goodwill impairment charge of RM0.9 million for a subsidiary of FCB, namely Frontken Petroleum Sdn Bhd, in view of no noticeable improvement in its underlying business.

Overall, net profit attributable to shareholders rose 167.7% or RM4.6 million to RM7.4 million for FP 2010 from RM2.8 million in the previous corresponding period. Excluding the one-off goodwill impairment charge, the underlying net profit attributable to shareholders was RM8.3 million, which was an increase of 201.6% over that achieved in FP 2009.

B2. Comparison with immediate preceding guarter

	2nd Quarter	1st Quarter
	30 Jun 2010	31 Mar 2010
	RM'000	RM'000
Revenue	37,356	33,897
Profit before tax	4,790	4,058

The Group recorded an increase in revenue of 10.2% or approximately RM3.5 million during the current quarter compared to the preceding quarter. The increase in revenue during the current quarter was primarily due to improved sales in Singapore.

The Group's unaudited PBT in the current quarter was approximately RM0.7 million higher than the preceding quarter. The increase in the Group's PBT was the result of lower operating expenses during the current quarter.

B3. Prospects for the year

Amidst a more stable business outlook with favourable demand and trends in the power generation and photovoltaic/semiconductor sectors, the Group continues to focus on its core markets and grow its business in the Asia Pacific region while maintaining a cautious approach towards its cost structures and capital expenditures. There will be continued emphasis on research and development as the Group remains committed to expanding its service offerings to drive organic growth. Barring unforeseen circumstances, the Directors expect performance for the current financial year to be satisfactory.

B4. Variance in profit forecast

Not applicable as no profit forecast or profit guarantee has been announced or disclosed in a public document previously.

B5. Taxation

	Current Quarter 30 Jun 2010	Current Year-to-date 30 Jun 2010
Income tax	RM'000 (1,057)	RM'000 (1,441)
Deferred tax	119	(9)
	(938)	(1,450)

The Group's effective tax rate for the period under review is 16.4% compared to the statutory tax rate of 25% in Malaysia. This is primarily attributed to deferred tax adjustment arising from reduction in corporation tax rate from 18% to 17% enjoyed by its subsidiaries in Singapore, jobs credit grant received from the Singapore government which is not subject to tax, as well as a relatively lower statutory tax rate of 17% in Singapore.

B6. Unquoted investments and properties

There were no disposals of unquoted investment and properties during the current quarter and financial period under review.

B7. Quoted and marketable securities

There were no purchases and disposals of marketable securities during the current guarter.

B8. Status of corporate proposals

There were no corporate proposals which had been announced but not completed.

B9. Group borrowings

The Group's borrowings as at 30 June 2010 are as follows:

B10. Off balance sheet financial instruments

The Group has not entered into any contract involving off balance sheet financial instruments as at the date of this report.

B11. Material litigations

Save as disclosed below, the Group is not engaged in any material litigation, claim or arbitration, either as plaintiff or defendant and the Board does not know of any proceedings pending or threatened, or of any fact likely to give rise to any proceedings as at 17 August 2010:

On 3 February 2009, FM was served a Writ of Summons by IFC. The said Writ of Summons and Statement of Claim were filed at the High Court of Malaya at Alor Star. Under the said Writ of Summons, IFC claimed that it had successfully completed installation works for FM at its plant at Kulim Hi-Tech Park pursuant to its quotation furnished for the said installation, and that FM had partially satisfied the contract sum, leaving a balance of RM1,122,425. However, FM had denied any liability to IFC. IFC therefore claimed against FM for the above outstanding sum, interest thereon at 8%, costs and other relief that the Court deems fit.

FM disputed the legitimacy of the claim by IFC in view that FM had at all times contracted with the main contractor, and not IFC, for the performance of the installation works at its plant at Kulim Hi-Tech Park. Further, the installation works were either not performed or unsatisfactorily performed.

On 24 November 2009, the Court allowed IFC's application for summary judgment, thereby ordering FM to pay the amount claimed by IFC. On 21 December 2009, FM received a Notice for Payment pursuant to Section 218 of the Act from the solicitors of IFC requiring FM to pay, secure or compound to the reasonable satisfaction of IFC the sum of RM1,207,978.73 which was made up of the judgment sum of RM1,122,425.00 together with interest on the judgment sum at 8% per annum from 7 January 2009 to 16 December 2009 amounting to RM85,553.73. If FM shall fail, refuse or omit to make payment of the aforesaid judgment sum together with interest accrued thereon from the date of the notice within 21 days from the receipt of the same, action will be taken for FM to be compulsorily wound up by the Court.

On 17 December 2009, FM filed a Notice of Appeal against the summary judgment. Thereafter, on 10 January 2010, FM filed an application for injunction against further proceedings and for stay of the winding-up proceedings pending disposal of its appeal. On 14 January 2010, the solicitors of IFC served a Writ of Seizure and Sale ("Writ") on FM to seize some of the assets located on its premises at Kulim Hi-Tech Park. FM filed an application for, inter alia, a stay of the Writ pending disposal of FM's appeal. On 8 March 2010, FM received a copy of the notice from the High Court for the auction of the seized assets on 25 March 2010.

On 25 March 2010, the High Court dismissed the applications by FM for injunction against further proceedings, stay of execution of judgment and order, and stay of the Writ. Consequently, on the same day, FM paid IFC a sum of RM1,232,407.85 as full and final settlement of the judgment sum, interest thereon at 8% per annum and costs, and the notice of auction pursuant to the Writ received by FM on 8 March 2010 was withdrawn.

Pending the availability of the grounds of judgment and notes of proceedings, the Directors will deliberate on the appropriate course of action at the relevant time.
