The Group recorded a loss after taxation of RM2.05 million for Q1 FY2025, which was 999% higher than Q1 FY2023's loss after taxation of RM0.19 million due to fair value loss on other investments being recognised during the quarter under review.

B2 Performance of the current quarter against the immediate preceding quarter

	Current Quarter	Immediate Preceding Quarter	Changes	
	30.09.2024 RM'000	30.06.2024 RM'000	RM'000	%
Revenue	3,504	1,068	2,436	228%
Loss from operations	(2,035)	(5,170)	3,135	(61%)
Loss before taxation	(2,045)	(5,179)	3,134	(61%)
Loss after taxation	(2,045)	(5,284)	3,239	(61%)

For Q1 FY2025, the Group recorded a revenue of RM3.50 million, representing an increase of 228% compared to the fourth quarter ended 30 June 2024 ("Q4 FY2024"). The Group's higher revenue was mainly contributed by a higher revenue recorded in the event management sector while the loss after taxation for Q1 FY2025 has decreased compared to Q4 FY2024 due to impairment loss on trade receivables recorded in Q4 FY2024.

B3 Future prospects

The Group has encountered several ongoing challenges in the event industry, particularly the concert management which include but not limited to the following:

- a. Consistently sourcing for a sustainable business model, securing funding, and rebuilding audience trust are ongoing priorities in this industry;
- b. The availability of artists for touring and live performances may be affected by scheduling conflicts or changes in touring preferences. This can impact the lineup and pricing of concerts, as well as competition among venues and promoters for top talent;
- c. Compliance with evolving regulations, including health and safety protocols and tax requirements etc; and
- d. The concert industry faces increasing pressure to address its environmental footprint and adopt sustainable practices. Reducing energy consumption, waste generation and carbon emissions at events requires investment in eco-friendly technologies and practices.

The Group will thus be shifting its focus to organising more events that we eventually will own the intellectual property associates with the event concept, brand and content. We will explore more corporate events such as product launches, clients' appreciation events and etc.

As we move forward, we will continue to expand and innovate the digital and media management as well as the financial solutions segment, ensuring that we remain at the forefront of facilitating economic activities.

B6 Status of Corporate Exercises

Multiple proposals

The private placement has been completed following the listing and quotation of 106,030,800 placement shares on the ACE Market of Bursa Securities on 1 March 2021 and its status of utilisation of proceeds is tabulated below:

Status of utilisation of proceeds

Purpose	Proposed utilisation	Actual utilisation	Revised timeframe for utilisation	Balance unutil	lised
	RM'000	RM'000		RM'000	%
Purchase of equipment for the event management segment	13,705	10,673	Within 42 months	3,033	22%
Additional funds for the financial solutions segment	8,938	8,938	Within 12 months	-	0%

Estimated expenses for the Proposals	793	793	Immediate	-	0%
	27,038	24,006		3,033	

The Board had on, 8 September 2022 announced the proceeds had been fully utilised save for an amount of RM4.186 million allocated for the purchase of equipment for the event management segment.

The event management sector has been adversely affected by the disruptive effects of COVID-19. Movement Control Order ("MCO"), Conditional MCO, cross border travel restrictions and regulatory prohibitions on mass gatherings have had a negative impact to the Group's event management business. The Board has deliberated and resolved to extend the timeframe for an additional twelve (12) months until 31 August 2023 for the utilisation of the remaining unutilised proceeds for the Group to purchase equipment for the event management segment.

On 30 August 2023, the Board had resolved to further extend the timeframe for another additional twelve (12) months until 31 August 2024 to use the Unutilised Proceeds.

The Group has chosen to be prudent and not compete with the flurry of events and concerts that have led to an oversupply and underbooking, hence on 30 August 2024, the Board has resolved to a further extension of time until 31 August 2025 to provide additional time for the Group to utilise the balance proceeds allocated for the purchase of equipment for the event management segment.
