#### 1.3 Qualification of financial statements

There was audit qualification reported in audited financial statements of the Group for the financial year ended 31 December 2015.

#### Basis of qualified Opinion

As disclosed in Note 33 to the financial statements, the Company had on 21 August 2015 and 27 August 2015 disposed of its subsidiary companies, namely Shanghai Winner Electrical Co., Ltd., ("Shanghai Croup") and Wintoni Power Sdn. Bhd. ("Wintoni Power") respectively. Consequently, all the accounting records and information of Shanghai Group and Wintoni Power were transferred to the acquirer and the Company had no right to access to these accounting records and information subsequent to disposal dates. As such, the relevant accounting records and information of Shanghai Group and Power were not made available to us during our audit for the financial year ended 31 December 2015.

Consequently, the financial position and results of Shanghai Group and Wintoni Power at the date of disposals prepared by the management for the computation of the gain on disposal of subsidiary companies include significant amounts based on estimates. Based on the unaudited management financial information, the aggregated financial contributions of Shanghai Group and Wintoni Power to the Group's assets and liabilities as at the date of disposals were RM12,812,398 and RM13,162,995 respectively and the loss after tax prior to disposals is RM4,790,483; which is significant to the Group's financial position and results for the financial vear ended.

We are unable to obtain sufficient appropriate audit evidence to ascertain the possible adjustments, if any, that may be required to be made to the current financial year Group's results and cash flows had the relevant accounting records and information of Shanghai Group and Wintoni Power up to the date of disposals were made available for our audit purposes.

As disclosed in Note 33 to the financial statements, there was a break in to the Company's office on 12 November 2015 resulted all the accounting records and assets of the Company and of its subsidiary companies, namely Wintoni Engineering Sdn. Bhd., Planet Wireless Holdings Limited and Planet Wireless Sdn. Bhd. were stolen.

Due to the break in, the management has not been able to provide us with the financial records of the Company and of its subsidiary companies, namely Wintoni Engineering Sdn. Bhd., Planet Wireless Holdings Limited and Planet Wireless Sdn. Bhd. for the financial year then ended. Consequently, we are unable to verify the appropriateness of the entire financial statements due to the absence of the documents. Furthermore, management is unable to quantify the extent of the financial losses resulting from the suspension of its businesses. Additional and consequential damages resulting from the break in have also not been reflected in the financial statements. In the absence of financial information after the reporting date, we were not able to perform audit procedures to review the events after the reporting period and determine whether any potential audit adjustments are required to be made or subsequent events to be disclosed in the financial statements for the financial year ended 31 December 2015.

As disclosed in Note 2.2 to the financial statements, the Group has net liabilities of RM8,602,637 and net current liabilities of RM8,614,239 respectively. The Company has net liabilities of RM906,466 and net current liabilities of RM916,498 respectively.

On 26 February 2016, the Company has announced that it became an Affected Listed Issuer pursuant to Guidance Note 3 ("GN 3") of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities").

The ability of the Group and of the Company to continue as a going concern is dependent on the formalisation and successful implementation of the regularisation plan of the Company to restore its financial position and achieve sustainable and viable operations.

The application of the going concern concept is based on the assumption that the Group and the Company will be able to realise their assets and liquidate their liabilities in the normal course of business. Should the formalisation and implementation of the regularisation plan not materialise or not approve, the application of the going concern concept may be inappropriate and adjustments may be required to, inter alia, write down assets to their immediate realisable value, reclassify all long term assets and liabilities as current and to provide for further costs which may arise.

#### Disclaimer Opinion
