B1 Review of performance

The ABT Group registered a total comprehensive loss for the period ended 31 October 2012 of approximately RM2.2 million on the back of a revenue of RM1.4 million mainly due to the writing off of certain fixed assets due to the relocation of the Group's incubation centre and some inter company write down as part of its reorganisation programme.

The incubator division is the cost centre of the Group, representing the resources utilised to support the acitivites of its incubatees going forward. Thus, it incurred a loss in the period.

The Green Technology division which includes biomass/biotechnology/biofuel registered sales in the period mainly due to the contract for biopelletizing/biomass technologies

As the Group is involved in incubation activities especially on high technology areas, it holds investments particularly in start-ups. In view thereof, its performance is subjected to various volatilities
