EXPLANATORY NOTES TO THE QUARTERLY REPORT
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

Part A - Explanatory Notes Pursuant to MFRS 134

1. Basis of Preparation

The financial statements of the Group are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under significant accounting policies, and in compliance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 1965 in Malaysia. The interim financial statements are unaudited and have been prepared in accordance with the requirements of MFRS 134 : Interim Financial Reporting and in accordance to the requirements of Appendix 9B of the Listing Requirements of Bursa Malaysia Securities Berhad ("**Bursa Malaysia**").

The interim financial statements should be read in conjunction with KGB's audited consolidated financial statements for the financial year ended ("**FYE**") 31 December 2013. These explanatory notes attached to the interim financial statements provide an explanation of events and transactions that are significant to an understanding of the changes in the financial position and performance of the Group since the financial year ended 31 December 2013.

The accounting policies and methods of presentation and computation adopted in this interim financial report are consistent with those adopted in the most recent annual financial statements for the FYE 31 December 2013.

The Group has not applied in advance the following accounting standards and interpretations (including the consequential amendments) that have been issued by the Malaysian Accounting Standards Board (MASB) but are not yet effective for the current financial year:-

MFRSs/ IC Interpretations	Effective date
MFRS 9 (2009) Financial Instruments	} To be announced by MASB
MFRS 9 (2010) Financial Instruments	
MFRS 9 Financial Instruments (Hedge Accounting and Amendments to MFRS 7, MFRS 9 and MFRS 139)	
Amendments to MFRS 9 and MFRS 7: Mandatory Effective Date of MFRS 9 and Transition Disclosures	
Amendments to MFRS 119: Defined Benefit Plans – Employee Contributions	01 July 2014
Annual Improvements to MFRSs 2010 – 2012 Cycle	01 July 2014
Annual Improvements to MFRSs 2011 – 2013 Cycle	01 July 2014
MFRS 14 Regulatory Deferral Accounts	01 January 2016
Amendments to MFRS 11 : Accounting for Acquisitions of Interests in Joint Operations	01 January 2016
Amendments to MFRS 116 and MFRS 138: Clarification of Acceptable Methods of Depreciation and Amortisation	01 January 2016

The above accounting standards and interpretations (including the consequential amendments) are not relevant to the Group's operations except as follows:

MFRS 9 Financial Instruments

MFRS 9 (2009) introduces new requirements for the classification and measurement of financial assets. Subsequently, this MFRS 9 was amended in year 2010 to include requirements for the classification and measurement of financial liabilities and for derecognition (known as MFRS 9 (2010)). Generally, MFRS 9 replaces the parts of MFRS 139 that relate to the classification and measurement of financial instruments. MFRS 9 divides all financial assets into 2 categories – those measured at amortised cost and those measured at fair value, based on the entity's business model for managing its financial assets and the contractual cash flow characteristics of the instruments. For financial liabilities, the standard retains most of the MFRS 139 requirement. An entity choosing to measure a financial liability at fair value will present the portion of the change in its fair value due to changes in the entity's own credit risk in other comprehensive income rather than within profit or loss. Therefore, there will be no financial impact on the financial statements of the Group upon its initial application.

Amendments to MFRS 116 and MFRS 138: Clarification of Acceptable Methods of Depreciation and Amortisation

The Amendments to MFRS 116 and MFRS 138 prohibit revenue-based amortisation because revenue does not, as a matter of principle, reflect the way in which an item of intangible assets is used or consumed. Therefore, the Group will be changing its current amortisation policy that based on revenue to the straight-line method upon its initial application of the amendments.

Revenue on contracts is recognised on the percentage of completion method unless the outcome of the contract cannot be reliably determined, in which case revenue on contracts is only recognised to the extent of contract costs incurred that are recoverable. Foreseeable losses, if any, are provided for in full as and when it can be reasonably ascertained that the contract will result in a loss. The stage of completion is determined based on the proportion that the contract costs incurred for work performed to date bear to the estimated total contract costs.

2. Status of Audit Qualification
