The adoption of the above new and revised FRSs, Amendments to FRSs and IC Interpretations do not have significant impact on the interim financial report other than as stated below:

(a) FRS 8: Operating Segments

FRS 8 requires segment information to be presented on a similar basis to that used for internal reporting purposes. As a result, the Group's segmental reporting had been presented based on the internal reporting to Group's chief operating decision maker who makes decisions on the allocation of resources and assesses the performance of the reportable segments. This Standard does not have any impact on the financial position and results of the Group.

(b) FRS 101: Presentation of Financial Statements (revised)

FRS 101 separates owner and non-owner changes in equity. Therefore, the current consolidated statement of changes in equity only includes details of transactions with owners. All non-owner changes in equity are presented as a single line labelled as total comprehensive income. This Standard does not have any impact on the financial position and results of the Group.

(c) FRS 139: Financial Instruments - Recognition and Measurement

FRS 139 sets out the new requirements for the recognition and measurement of the Group's financial instruments. Financial instruments are recorded initially at fair value. Subsequent measurement of the financial instruments in the statement of financial position reflects the designation of the financial instruments. The Group determines the classification at initial recognition and for the purpose of the first adoption of the Standard, as at transitional date on 1 January 2010.

Financial assets

Financial assets are measured at fair value through profit or loss, loans and receivables, held-to-maturity investments, available-for-sales financial assets, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial assets include cash and short-term deposits, trade and other receivables and held-to-maturity investments.

(i) Loans and receivables

Loans and receivables are initially measured at fair value and subsequently at amortised cost using the effective interest method. Gains and losses arising from the derecognition of the loans and receivables, amortisation under the effective interest method and impairment losses are recognised in the profit or loss.

(ii) Held-to-maturity ("HTM") Investment

Financial assets with fixed or determined payments and fixed maturities are classified as HTM when the Group has the positive intention and ability to hold them to maturity. After initial measurement, HTM investments are measured at amortised cost using the effective interest method. This method uses an effective interest rate that discounts estimated future cash receipts through the expected life of the HTM assets to the net carrying amounts of the assets. Gains and losses are recognised in the profit or loss when the investment are derecognised or impaired, as well as through the amortisation or accretion process.

Financial liabilities

Financial liabilities are measured at fair value through profit or loss, loans and borrowings, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial liabilities include trade and other payables and borrowings.

A2. Summary of Significant Accounting Policies (Cont'd)

Notes to the Interim Financial Report for the Third Quarter ended 30 September 2011

Part B - Explanatory notes pursuant to Appendix 9B of the Listing Requirements

B1. Review of the Group's Performance

For the current financial quarter ended 30 September 2011 ("Q3 2011"), the Group recorded revenue of approximately RM32.065 million as compared to the revenue for the preceding year corresponding quarter ("Q3 2010") of approximately RM26.845 million. The increase in revenue of approximately RM5.220 million or 19.44% was mainly due to better sales performance for existing wholly-owned outlets ("Outlets") coupled with the additional sales contribution from the 4 new Outlets. These new Outlets increased the number of Outlets from 79 Outlets as at 30 September 2010 to 83 Outlets as at 30 September 2011.

A profit after tax ("PAT") of approximately RM1.158 million was recorded in Q3 2011 as compared to a loss after tax ("LAT") of approximately RM1.040 million in Q3 2010. This is mainly attributable to the listing expenses of RM1.37 million arising from the listing of Focus Point Holdings Berhad on the ACE Market of Bursa Malaysia Securities Berhad that was incurred in Q3 2010 as well as the higher rebates from suppliers recognised in Q3 2011 as compared to Q3 2010.

For the current year-to-date ended 30 September 2011 ("YTD 3Q 2011"), the Group recorded revenue of approximately RM91.205 million as compared to the revenue for the preceding year-to-date ended 30 September 2010 ("YTD 3Q 2010") of approximately RM44.227 million. The YTD 3Q 2011 was for 9 months period whilst the YTD 3Q 2010 was for 5.5 months as the acquisition of Focus Point Vision Care Group Sdn Bhd and its subsidiaries by Focus Point Holdings Berhad as well as the internal restructuring were completed on 14 April 2010. Hence, YTD 3Q 2010 was for the period from 14 April 2010 to 30 September 2010. In addition, the significant increase in revenue of approximately RM46.978 million or 106.22% was also mainly due to better sales performance for existing Outlets as well as additional sales contribution from the 4 new Outlets as reported above.

The Group recorded PAT of approximately RM3.781 million in YTD 3Q 2011 as compared to PAT for YTD 3Q 2010 of approximately RM2.784 million. The increase of approximately RM0.997 million or 35.81% was mainly due to the listing expenses of RM1.37 million incurred in Q3 2010 as well as higher rebates recognised in YTD 3Q 2011 as compared to Q3 2010.

B2. Material Changes in the Quarterly Results as compared to the Results of the Immediate Preceding Quarter

		Immediate	
	Current	preceding	
	financial quarter f	inancial quarter	Variance
	RM'000	RM'000	%
Revenue	32,065	30,647	4.63%
Profit before tax ("PBT")	1,697	2,006	-15.40%

Quarter-on-quarter comparison, the Group's revenue had increased by approximately RM1.418 million or 4.63% to approximately RM32.065 million for current financial quarter as compared to approximately RM30.647 million recorded in the immediate preceding financial quarter. This is mainly attributable to better sales performance for existing wholly-owned outlets ("Outlets") coupled with the additional sales contribution from the 2 new Outlets. These new Outlets have increased the number of Outlets from 81 Outlets as at 30 June 2011 to 83 outlets as at 30 September 2011.

Despite the increase in revenue, PBT had declined by approximately RM0.309 million or 15.40% and this is mainly due to the accruals of one-off installation cost and commitment fees of broadband devices employed in HQ and Outlets to facilitate the operational coordination and to enhance the efficiency and integration of data and information amounting to approximately RM0.3 million.

B3. Prospects for the Current Financial Year
