#### QUARTERLY REPORT ON CONSOLIDATED RESULTS FOR THE THIRD QUARTER ENDED 31 MARCH 2016

#### B. Explanatory Notes Pursuant to Appendix 9B of the Listing Requirements of Bursa Securities

### 1. Performance of the current quarter and financial year-to-date against preceding year corresponding quarter and year-to-date

For the current quarter under review, XOX Group reported revenue of RM37.51 million and pre-tax profit of RM1.24 million as compared to RM26.22 million and RM1.18 million respectively reported in the previous year corresponding quarter.

The 43% increase in Group revenue were mainly due to the impressive subscribers' growth driven by the various strategies in place since 2015 & promotional products offerings. However, the increase in pre-tax profit was not in tandem with the increased in revenue due to intense competition in the market, especially on data pricing.

The Group recorded revenue of RM110.29 million and profit before tax of RM2.76 million for the year-to-date versus the corresponding year-to-date of the previous financial year of RM63.04 million in revenue and profit before tax of RM1.06 million.

The significant increase in revenue and profit before tax is in line with the Group's continuous efforts and spending on product branding, consistent subscribers' retention and quality subscriber acquisitions through various business strategies.

#### 2. Performance of the current quarter against the preceding quarter

	Current Quarter 31 March 2016 RM'000	Preceding Quarter 31 December 2015 RM'000
Revenue	37,514	36,818
Earnings Before Interest Taxes Depreciation and Amortisation	2,516	2,085
Profit after tax	999	810

For the current quarter under review, in spite of the aggressive price-focused competitive market condition, the Group managed to register a marginal increase in sales revenue, earnings before interest taxes depreciation and amortisation (EBITDA) and profit after taxation compared with preceding quarter.

#### 3. Prospects and business outlook

Based on the performance of the Group to date, the Board of Directors of the Company is encouraged by the improvement in revenue and profit; however, we are cautious about the heightened price competition in the telecommunication industry as mobile operators are offering attractive packages from time to time in a bid to gain market share amid the weak consumer environment and the continued fall in data pricing as part of the data monetisation strategy to offset declines in voice and SMS.

Given the current economic and financial outlook, the Directors are of the view that the Group's operating environment will be challenging for the coming quarter of the financial year ending 30 June 2016. However, we will keep our focus on providing data and voice services that are high quality, reliable and affordable in line with current subscriber trends, coupled with stringent cost controls in order to stay ahead of the competition.

Barring any unforeseen circumstances, competitive pressures and uncertain economic situation, the Board of Directors is of the view that the Group expects to remain profitable for the financial year ending 30 June 2016.

#### 4. Profit forecast

The Board of Directors wishes to inform that the XOX Group did not issue any profit forecast.
