Across the telecommunication industry, the sentiment surrounding prepaid services has been rather soft, we observed minimal changes in prepaid revenue among all players. However, our postpaid performance dropped substantially as Mobile Network Operators (MNOs) refreshed or introduced new postpaid plans featuring greatly reduced pricing, as well as heavily subsidizing their mobile devices and bundling with their mobile plans, typically through contractual programs, creating a challenging environment for XOX to remain competitive.

Consequently, Group revenue for the reporting quarter recorded at RM65.46 million, trimmed 2% from the previous corresponding quarter; YTD revenue contraction of 8% year-on-year to RM207.22 million mainly coming from the lower postpaid revenue.

In the current reporting quarter, we recognized the impairment of investment in associate of RM82.58 million due to the weak share market performance. Consequently, the reporting quarter LBT & LBITDA recorded at RM92.78 million and RM84.31 million respectively compared to PBT of RM0.85 million and EBITDA of RM5.40 million reported in the previous corresponding quarter and current YTD LBT & LBITDA stood at RM95.46 million and RM77.46 million.

The Group revenue declined by 9% quarter-on-quarter to RM65.46 million attributable to lower postpaid revenue recorded on the back of intense price competitive environment.

After accounting for the impairment loss on investment in associate companies of RM82.58 million in the quarter, the Group reported LBT of RM92.78 million and LBITDA of RM84.31 million accordingly for the current reporting quarter.

3. Prospects and business outlook

The telecommunications and technology industries have so far been resilient to the effects of the pandemic. However, the cost of digital transformation and the macro headwinds from weaker economic growth and higher inflation will have an impact in the ensuring period.

Premised on the challenges and outlook of the telecommunications and technology industry with the accelerating macroeconomic trends such as technology proliferation and digitalisation, uncertainty associated with lower economic growth and higher inflation, the Board is optimistic, albeit cautiously, about the future prospects of the Group.

The Group will continue to invest in new technology, hire the best talent, develop strategic partnerships, deliver innovative products and services to serve our customers, and focus on curating an engaging and seamless digital journey to increase customer acquisition and retention rates.

4. Profit forecast or profit guarantee

The Board of Directors wishes to inform that the XOX Group did not issue any profit forecast.
