#### Individual Quarter

The marginal decrease in revenue by 1.3% in the current financial quarter ended 30 June 2018 ("Q2 2018") as compared to the corresponding quarter ended 30 June 2017 ("Q2 2017") was mainly due to a decrease in the sales to domestic PRC market by RM0.89 million in Q2 2018, which was offset by an increase in sales to the export market in Q2 2018 by RM0.63 million. Gross profit margin also decreased marginally to 20.1% in Q2 2018 as compared to 21.2% in Q2 2017 mainly due to increase in sale of lower margin products.

Despite the decrease in revenue, profit before taxation and profit after taxation increased by 2.0% and 8.4% respectively for Q2 2018 mainly due to improvement in gross margin as well as cost cutting measures implemented in the PRC subsidiaries.

#### <u>Cumulative Quarter</u>

The decrease in revenue by 7.1% for the financial period ended 30 June 2018 ("FPE 30 June 2018") as compared to the corresponding period ended 30 June 2017 ("FPE 30 June 2017") was mainly due to the slowdown in demand for the Group's products in the domestic PRC market. Sales to the domestic PRC market decreased by RM2.49 million for FPE 30 June 2018 as compared to FPE 30 June 2017. Gross profit margin decreased slightly to 20.8% in FPE 30 June 2018 as compared to 21.3% in FPE 30 June 2017 mainly due to sale of lower margin products in FPE 30 June 2018.

Overall, profit before taxation and profit after taxation decreased by 22.7% and 19.1% respectively in FPE 30 June 2018 as compared to FPE 30 June 2017 mainly due to the decrease in revenue as well as expenses incurred in relation to the drawdown of redeemable convertible notes in the first quarter of 2018.

The Group recorded an increase in revenue by RM6.24 million to RM18.89 million in Q2 2018 as compared to RM12.65 million in the preceding financial quarter ended 31 March 2018. This increase in revenue was mainly due to the long Chinese New Year holidays in the PRC during the preceding financial quarter, which is consistent with the sales trend in previous years.

Overall, profit before taxation and profit after taxation increased by 382.5% and 404.7% respectively mainly due to the increase in revenue, as well as expenses incurred in relation to the drawdown of redeemable convertible notes incurred in the financial quarter ended 31 March 2018.

#### B3. Prospects for the financial year ending 31 December 2018 ("FYE 2018")

China's strong economic growth has led to increasingly affluent consumers who now have the purchasing power as well as the willingness to pay to enhance individual lifestyles for greater comfort and pleasure. The modernisation and urbanisation of the country has also caused a growth in China's property construction industry, an industry that the bamboo flooring market is dependent on for the consumption of its products. Under its 13<sup>th</sup> Fiver-Year Plan (2016-2020), China aims to double its 2010 GDP and the 2010 per capita income of both urban and rural residents by 2020 and will focus more on green and low-carbon industries. This is envisaged to positively affect the bamboo flooring market. In addition, bamboo flooring products are increasingly welcomed by the consumer due to merits like environmental friendliness and high price-to-performance ratio. (Source: Independent Market Research Report prepared by Protégé Associate Sdn Bhd, China's 13<sup>th</sup> Five Year Plan and China Wood Flooring Industry Report, 2014-2018).

In line with the bright outlook of the bamboo industry, the Group has identified the following main strategies to continue to grow its businesses:-

- (a) Expansion of the Group's flooring products with the launching of new series of bamboo flooring products;
- (b) Enhancing the Group's flooring products to focus more on 'green' strand woven products;
- (c) Expansion of the Group's product portfolio to include bamboo furniture marketed under the 'KAR-ACE' brand:
- (d) Expansion of the Group's presence by increasing the number of appointed dealers and number of sales and marketing channels; and
- (e) Diversification of the Group's principal activities to include property investment and management which will provide the Group with additional income and cash flows. The property under construction is expected to be completed within FYE 2018.

Premised on the above, the Board of Directors of Kanger ("**Board**") is of the view that the Group will enjoy sustainable growth for FYE 2018.
