

KRONOLOGI ASIA BERHAD (Company no. 1067697-K)
QUARTERLY REPORT ON CONSOLIDATED RESULTS
Quarterly Report For The Fourth (4th) Quarter Ended 31 December 2014

A NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

A1. Basis of preparation

The interim financial statements of the Group are unaudited and have been prepared in accordance with the requirements of Malaysian Financial Reporting Standards ("MFRS") 134, Interim Financial Reporting issued by the Malaysian Accounting Standards Board ("MASB") and Paragraph 9.22 and Appendix 9B of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad ("Listing Requirements").

This is the first interim financial statements on the consolidated results for the fourth (4th) quarter ended 31 December announced by the Company in compliance with the Listing Requirements and as such, there are no comparative figures for the preceding years' corresponding period.

The interim financial statements should be read in conjunction with the Prospectus of the Company dated 27 November 2014 and the accompanying explanatory notes attached to this interim financial report.

The interim financial statements have been prepared on the basis of merger accounting, where the financial statements of the Company and its subsidiaries ("the Group") have been included in the consolidated financial statements as if they have been in effect since the beginning of the financial year.

The adoption of above basis will not have any material impact on the financial position and performance of the Group.

A2. Changes in accounting policies

The accounting policies and method of computation adopted by the Group in these unaudited condensed interim financial statements are consistent with those adopted in preparation of the Proforma Consolidated Financial Information as included in the prospectus dated 27 November 2014 except for the adoption of the new and revised Malaysian Financial Reporting Standards ("MFRS"), IC Interpretations ("IC Int") and amendment to MFRS that have been published by MASB but are not effective and have not been adopted early by the Group.

Management anticipates that all relevant pronouncements will be adopted in the Group's accounting policies for the first period beginning/or after the effective date of pronouncement. Information on new standards, amendments and interpretations that are expected to have an impact on the Group's financial statements is provided below. Certain other new standards and interpretations have been issued but are not expected to have material impact on the financial statements.

The initial application of the standards, amendment and interpretations are not expected to have any financial impacts to the financial statements, except for:-

MFRS 9 Financial Instruments

MFRS 9 addresses the classification, measurement and recognition of financial assets and financial liabilities. It replaces the guidance note in MFRS 139 Financial Instruments : Recognition and Measurement. MFRS 9 requires financial assets to be classified into two (2) measurement categories namely fair value and amortised cost, to be determined at initial recognition. The classification depends on the entity's business model for managing its financial instruments and contractual cash flow characteristics of the instrument. Most of the requirements for financial liabilities are retained, except for cases where the fair value option is taken, the part of the fair value change due to an entity's own risk is recorded on other comprehensive income rather than in profit and loss, unless this creates an accounting mismatch.

The adoption of MFRS 9 will result in a change in accounting policy. The Group is currently examining the financial impact on the adoption of the said standard.
