A COMPLIANCE WITH MALAYSIA FINANCIAL REPORTING STANDARD ("MFRS") 134: INTERIM FINANCIAL REPORTING AND THE MAIN MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD ("BURSA SECURITIES") ("LISTING REQUIREMENTS")

These condensed consolidated interim financial statements are unaudited and have been prepared in accordance with MFRS 134: Interim Financial Reporting issued by the Malaysian Accounting Standards Board ("MASB") and Paragraph 9.22 and Appendix 9B of the Listing Requirements.

These condensed consolidated interim financial statements should be read in conjunction with the audited financial statements of the Company for FYE 30 June 2019 and the accompanying explanatory notes therein. The explanatory notes attached to these condensed consolidated interim financial statements provide an explanation of events and transaction that are significant to an understanding of the changes in the financial position and performance of Salutica and its subsidiary ("Group") since the FYE 30 June 2019.

#### A2 Changes in accounting policies

The significant accounting policies adopted in these quarterly financial statements are consistent with those adopted as disclosed in the audited financial statements of the Group for FYE 30 June 2019.

New standards, amendments to published standards and Issue Committee ("IC") interpretations to existing standards that are applicable to the group and are effective

The new accounting standards, amendments and improvements to published standards and IC interpretations to existing standards that are effective for the Group's and Company's financial year beginning on 1 July 2019 are as follows:

- MFRS 16 "Leases"
- IC Interpretation 23 "Uncertainty over Income Tax Treatments"
- Amendments to MFRS 9 "Prepayment Feature with Negative Compensation"
- Annual Impairments to MFRS 2015-2017 Cycle: Amendments to MFRS 3 "Business Combinations", Amendments to MFRS 12 "Income Taxes" and Amendments to MFRS 13 "Borrowing Costs"

# NOTES TO THE INTERIM FINANCIAL STATEMENTS SECOND QUARTER ENDED 31 DECEMBER 2019

#### A2 Changes in accounting policies (cont'd)

New standards, amendments to published standards and Issue Committee ("IC") interpretations to existing standards that are applicable to the group and are effective (cont'd)

The initial application of the accounting standards, amendments or interpretations above does not have any material impact to the financial results of the Group for the current period, other than as disclosed below:-

#### MFRS 16: Leases

MFRS 16 "Leases" (effective from 1 January 2019) supersedes MFRS 117 "Leases" and the related interpretations.

Under MFRS 16, a lease is a contract (or part of a contract) that conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

MFRS 16 eliminates the classification of leases by the lessee as either finance leases (on balance sheet) or operating leases (off balance sheet). MFRS 16 requires a lessee to recognise a "right-of-use" of the underlying asset and a lease liability reflecting future lease payments for most leases.

The right-of-use asset is depreciated in accordance with the principle in MFRS 116 "Property, Plant and Equipment" and the lease liability is accreted over time with interest expense recognised in profit or loss.

For lessors, MFRS 16 retains most of the requirements in MFRS 117. Lessors continue to classify all leases as either operating leases or finance leases and account for them differently.

The Group and the Company had applied the standard from its mandatory adoption date of 1 July 2019. The Group and the Company applied the simplified transition approach and did not restate comparative amounts for the financial year prior to first adoption. Right-of-use assets for property leases will be measured on transition as if the new rules had always been applied. All other right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses).

Currently, the Group and the Company do not have any activities as a lessor.

The Group's and the Company's activities as a lessee are not material and have assessed their leasing arrangements in accordance with the new lease accounting rules in MFRS 16.

## NOTES TO THE INTERIM FINANCIAL STATEMENTS SECOND QUARTER ENDED 31 DECEMBER 2019

### A2 Changes in accounting policies (cont'd)

New standards, amendments to published standards and Issue Committee ("IC") interpretations to existing standards that are applicable to the group and are effective (cont'd)

### IC Interpretation 23: Uncertainty over Income Tax Treatments

IC Interpretation 23 "Uncertainty over Income Tax Treatments" (effective 1 January 2019) provides guidance on how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment.

If an entity concludes that it is not probable that the tax treatment will be accepted by the tax authority, the effect of the tax uncertainty should be included in the period when such determination is made. An entity shall measure the effect of uncertainty using the method which best predicts the resolution of the uncertainty.

IC Interpretation 23 will be applied retrospectively.

### MFRS 9: Prepayment Features with Negative Compensation

Amendments to MFRS 9 "Prepayment Features with Negative Compensation" (effective 1 January 2019) allow companies to measure some prepayable financial assets with negative compensation at amortised cost. Negative compensation arises where the contractual terms permit the borrower to prepay the instrument before its contractual maturity, but the prepayment amount could be less than the unpaid amounts of principal and interest. To qualify for amortised cost measurement, the negative compensation must be reasonable compensation for early termination of the contract, and the asset must be held within a 'held to collect' business model.

The amendments will be applied retrospectively.

#### Annual Improvements to MFRSs 2015 – 2017 Cycle:

Amendments to MFRS 3 "Business Combinations" (effective from 1 January 2019) clarify that when a party obtains control of a business that is a joint operation, the acquirer should account the transaction as a business combination achieved in stages. Accordingly it should remeasure its previously held interest in the joint operation (rights to the assets and obligations for the liabilities) at fair value on the acquisition date.

Amendments to MFRS 112 "Income Taxes" (effective from 1 January 2019) clarify that where income tax consequences of dividends on financial instruments classified as equity is recognised (either in profit or loss, other comprehensive income or equity) depends on where the past transactions that generated distributable profits were recognised. Accordingly, the tax consequences are recognised in profit or loss when an entity determines payments on such instruments are distribution of profits (that is, dividends). Tax on dividend should not be recognised in equity merely on the basis that it is related to a distribution to owners.

Amendments to MFRS 123 "Borrowing Costs" (effective from 1 January 2019) clarify that if a specific borrowing remains outstanding after the related qualifying asset is ready for its intended use or sale, it becomes part of general borrowings.
