Generally, our sales for the first (1st) half of the year will be slower as compared to the second (2nd) half of the year. This is attributable to the festive seasons and public holidays in both Malaysia and The People's Republic of China such as Labour Day and Chinese New Year as well as the Ramadhan fasting month. We generally see our sales picking up in the second (2nd) half of the year. Save for the above, our Group does not experience any other material seasonality or cyclical effects in sales.
