#### B ADDITIONAL INFORMATION REQUIRED BY THE LISTING REQUIREMENTS OF BURSA SECURITIES

#### B1. REVIEW OF PERFORMANCE

For the current financial quarter under review, the Group recorded revenue of RM28.31 million as compared to revenue of RM30.50 million for the preceding year's corresponding quarter. This is mainly due to the decrease in the sales of tyre retreading materials.

The Group registered a profit before taxation of RM0.02 million for the current financial quarter under review as compared to the profit before taxation of RM2.94 million for the preceding year corresponding quarter. This is mainly due to lower revenue and lower gross profit margin recorded during the current financial quarter.

#### B2. COMPARISON WITH IMMEDIATE PRECEDING QUARTER'S RESULTS

	Current Quarter 30.09,2021 RM		Variance RM	%
Revenue	28,308,343	31,679,119	(3,370,776)	(10.64)
Profit before tax	24,769	1,646,153	(1,621,384)	(98.50)

The Group's revenue decreased by 10.64% from RM31.68 million recorded in the immediate preceding quarter to RM28.31 million in the current financial quarter. This is mainly due to the decrease in the sales of tyre retreading materials.

The profit before tax of the Group decreased by RM1.62 million from profit of RM1.65 million in the previous financial quarter to profit of RM0.02 million in the current financial quarter which is mainly due to lower revenue and increase in raw materials costs.

#### **B3.** COMMENTARY ON PROSPECTS

The effects of the continuing Covid-19 pandemic is still being felt and resulting in soft market sentiments, weakened global economic and lack of consumer confident. However, as countries learn to mitigate the impacts of the continuous Covid-19 pandemic, combined with the development and distribution of the Covid-19 vaccines, it is hopeful that the global markets, including the automotive and tyre industries, will recover in the near future.

Export sales have remained resilient in the current quarter. However, the Group's retreading and rubber compounding business are expected to continue to be challenging on several fronts, but necessary measures to break into new export markets for rubber compounds coupled with tighter cost and credit control have been implemented to mitigate the challenges ahead. The problem posted by the disruption in supply chain and rising cost of raw material will continue to post challenges to our profit margin.

With the uncertainty attributable to the impact from the Covid-19 pandemic on the global market, the Board is hopeful that the prospects of the Group's financial performance for the financial year ending 31 December 2021 will remain satisfactory.
