The Group is a full-line industrial distributor and operates within the distributive trade industry focusing on electrical products and accessories in Malaysia. As disclosed in the Prospectus of the Company dated 27 February 2020, we will continue to strengthen our core competency in the distribution of electrical products and accessories by expanding our business. Part of our business strategy and future plans is to increase our coverage and market presence via the expansion of new operational facilities and product range.

In view of the unprecedented economic situation posed by COVID-19 which has led to uncertainties in businesses globally, the Board expects a challenging operating environment ahead. Despite that, the Group will continue to carry out its future plans to enhance its business and operational resilience.

In line with efforts to expand the Group's product range, on 19 May 2020, the Group announced the signing of a distribution agreement with an established European lighting brand, SYLVANIA, to distribute its LED lighting products across the Group's distribution channels nationwide.

Furthermore, the outbreak has demonstrated the urgent need for businesses to accelerate digitalisation efforts and adopt new technologies. Upgrading works on the Group's Information Technology System will enable sales activities to be conducted online as well as improve inventory management which will enhance operational efficiency.

The Board is confident that initiatives such as the above will enhance our overall customer satisfaction and buying experience, which is expected to enhance the Group's competitive advantage and market position in the future.
