B3. Prospects and Outlook for current Financial Year

In Q3FY23, Teladan Group Berhad (formerly known as Teladan Setia Group Berhad) ("Teladan" or "Group") launched a new property, namely Taman Impiana Kesang Phase 1B with a gross development value ("GDV") of RM24.8 million.

In parallel, the Group received positive market responses for its ongoing projects, including Taman Desa Bertam Phase 3B and Phase 4A, Taman Bertam Heights Phase 1B, as well as Taman Impiana Kesang Phase 1A, all of which have garnered favourable take-up rates of 96.1%, 73.1%, 98.9% and 66.7%, respectively.

Contributed by the sales from Teladan's completed, ongoing, and newly launched projects, the Group reported an encouraging total property sales totalling RM187.9 million in 9MFY23.

Looking ahead, the recent unveiling of the Budget 2024 holds promising prospects for the property development market. The government's commitment to promoting homeownership, improving housing affordability, fostering development in Malaysia, and its focus on mega infrastructure projects is expected to stimulate the property market and boost market sentiments.

Nonetheless, Teladan remains cognisant of the prevailing market uncertainties, including potential interest rate hikes that could impact consumer confidence. As such, the Group remains prudent in implementing well-strategised property rollouts to align with homebuyers' needs.

Additionally, the Group has substantial undeveloped landbanks of around 979.4 acres in Melaka as at 30 September 2023. This allows the Group to continually explore new development opportunities and unlock significant commercial value over the long term.

Leveraging on Teladan's strong landbank inventory, prudent management practices, and strategic property development rollouts, the Group is optimistic about sustaining a healthy financial performance in the current business environment.
