For the third quarter ended 30 September 2021, the Group recorded revenue of RM17.54 million of which the on-going projects, namely Bandar Jaya Putra Project, 185 DSTH Meridin East – Parcel 1I Project, AME Dormitory Project, 264 DSTH Bandar Jaya Putra Project and 30 TSSD Taman Nusa Sentral Project collectively contributed approximately 72.15% of the total revenue. The Group registered gross profit of RM3.01 million, loss before tax of RM0.43 million and loss after tax of RM0.55 million for the quarter under review.

The Group recorded a gross profit margin of 17.16% for the current quarter which is quite comparable to the gross profit margin of 16.38% for the financial year-to-date. The loss before tax of RM0.43 million was mainly attributable to the lower revenue, as further explained in Note B2.

The Group recorded a revenue of RM89.43 million, gross profit of RM14.66 million, profit before tax of RM4.57 million and profit after tax of RM3.05 million for the financial year-to-date ended 30 September 2021. The Group's revenue was mainly attributable to its building construction activities totalling RM89.28 million, of which residential and non-residential building construction accounted for 61.97% and 37.86% of the Group's total revenue respectively. The balance of RM0.15 million representing 0.17% of the total revenue for the financial year-to-date ended 30 September 2021 was derived from its civil engineering construction works.

B2. Comparison with Immediate Preceding Quarter's Result

For the quarter ended 30 September 2021, the Group registered a lower revenue of RM17.54 million as compared to RM28.60 million for the immediate preceding quarter, which represents a reduction of approximately 38.68%. Correspondingly, the Group's gross profit reduced by 36.57% from RM4.74 million for the immediate preceding quarter to RM3.01 million for the current quarter. Compared to a profit before tax of RM1.28 million and profit after tax of RM0.81 million achieved for the immediate preceding quarter, the Group however posted a loss before tax and loss after tax of RM0.43 million and RM0.55 million respectively for the current quarter.

The lower revenue and gross profit registered for the current quarter were mainly due to the imposition of a three-phase nationwide lockdown (Full MCO 3.0) announced by the Government of Malaysia on 28 May 2021 (which was subsequently replaced by a four-phase National Recovery Plan effective from 15 June 2021). As the construction industry was not regarded as an essential service, all our on-site construction activities were suspended from 1 June 2021. With approvals progressively granted by the Ministry of International Trade and Industry from 26 July 2021 onwards, only 14 on-going projects out of the total of 20 comprising 18 on-going building construction projects and 2 on-going civil engineering construction projects undertaken by the Group have resumed on-site construction activities as at 30 September 2021. The administrative expenses incurred by the Group for the current quarter of RM3.61 million was also higher as compared to RM3.43 million for the immediate preceding quarter. As a result, the Group recorded a loss before tax of RM0.43 million for the current quarter.

B3. Prospects

As disclosed in the Prospectus of the Company dated 30 June 2021, the Group's business strategies and plans are as follows:

- The Group intends to focus on its core competency in building construction in Johor;
- (ii) Expand into other districts in Johor i.e., from Johor Bahru and Kulai districts into other districts in Johor. The Group will continue to focus on residential building construction while expanding into industrial building construction; and
- (iii) Purchase new construction machinery and equipment as well as contract management and accounting software and office equipment mainly to facilitate better scheduling of construction work for concurrent usage and in anticipation of future growth.

B3. Prospects (Cont'd)

For 2021, the Malaysian economy remains on track to achieve the projected growth range of 3.0% - 4.0%. The construction sector declined by 20.6% (2Q 2021: 40.3%) as activities were constrained by operating capacity limits. Growth in the residential, non-residential and civil engineering subsectors were particularly affected, but the situation improved from August following easing of the containment measures, allowing more construction activities to resume (Source: BNM's quarterly bulletin for the Third Quarter 2021, 12 November 2021).

In light of the uncertainties arising from COVID-19, the Group remains cautiously optimistic of its prospects and the outlook of the construction industry with the expected recovery by the end of the current financial year. Nevertheless, the Group has persevered thus far and the Group views that its financial results for the financial year ending 31 December 2021 will remain favourable.

B4. Variance of Actual Profit from Profit Forecast or Profit Guarantee

The Group has not issued any profit forecast or profit guarantee in any form of public documentation and announcement.
