The Group is an IT infrastructure and cybersecurity service provider. With the proceeds raised from the Company's successful initial public offering on the ACE Market of Bursa Securities ("**IPO**") on 13 July 2022, the Group is now actively implementing and pursuing its future plans and strategies as disclosed in the Company's Prospectus dated 20 June 2022, which include, amongst others:

- Enhancement of facilities for managed IT services;
- Setting up of technology centre and disaster recovery centre; and
- Geographical expansion in Malaysia and in international markets.

Moving forward, the Board is optimistic that initiatives such as the above will enhance the Group's competitiveness and strengthen its market position in the IT infrastructure and cybersecurity industries. Furthermore, by leveraging on the Group's established track record and management's strong technical capabilities, the Group is confident of capitalising on the attractive industry prospects ahead.
