Revenue	46,612	59,654	92,790	115,860	
PBT	9,500	11,349	19,141	20,199	

#### For the current guarter ended 30 November 2024

The Group recorded a revenue of RM46.6 million for the current quarter, representing a decrease of RM13.1 million or 21.9% as compared to RM59.7 million in the corresponding quarter of previous financial year (FY2024). The decline was mainly due to the drop in revenue contribution from our design and delivery of technology infrastructure solutions segment as there was higher delivery of hardware to our customers in the corresponding quarter of FY2024.

The Group recorded a PBT of RM9.5 million for the current quarter, representing a decrease of RM1.8 million or 15.9% as compared to RM11.3 million in the corresponding quarter of FY2024. The decrease was mainly due to the decrease in revenue contribution from the design and delivery of technology infrastructure solutions segment as stated above.

#### For the current year-to-date ended 30 November 2024

The Group recorded a revenue of RM92.8 million for the current year-to-date, representing a decrease of RM23.1 million or 19.9% as compared to RM115.9 million in the corresponding period of FY2024. The decline was primarily due to the decline in revenue contribution from our design and delivery of technology infrastructure solutions segment.

The Group recorded a PBT of RM19.1 million for the current year-to-date, representing a decrease of RM1.1 million or 5.4% as compared to RM20.2 million in the corresponding period of FY2024. The decrease was mainly due to the decrease in revenue contribution as stated above.

#### B 2. Comparison with immediate preceding quarter results

	Current quarter 30.11.2024	Preceding quarter 30.11.2023	Variance	
	RM'000	RM'000	RM'000	%
Revenue PBT	46,612 9,500	46,178 9,641	434 (141)	0.9% (1.5%)

The Group's revenue for the current quarter increased slightly by RM0.4 million or 0.9% as compared to RM46.2 million in the immediate preceding quarter. The growth in revenue was driven by the increase in revenue contribution from our technology infrastructure operations, maintenance, and support services segment.

The Group's PBT for the current quarter decreased marginally by RM0.1 million or 1.5% as compared to RM9.6 million in the immediate preceding quarter. This was primarily due to the decrease in profit contribution from the design and delivery of technology infrastructure solutions segment.

#### B 3. Prospects

The Group continues to focus on completing our ongoing projects, renewing customer contracts for technology infrastructure operations, maintenance, and support services and capitalising on opportunities through collaborations with our strategic business partners.

During the current quarter, the Group successfully renewed contracts with regional customers, particularly in the Philippines, Thailand, Hong Kong, and Taiwan, securing contributions to our order book for the next three to five years. In Malaysia, on 6 January 2025, the Group secured a new three-year contract worth RM22.35 million from Malaysia's Road Transport Department (JPJ) for the Automated Awareness Safety System (AwAS) project.

Since the commencement of operations in Japan in April 2024, the Group has achieved significant progress, acquiring customers who have started contributing to the Group's order book. Moving forward, the Group aims to strengthen our presence in North Asia, with particular focus on Japan, to further expand our customer base and maximise potential in this emerging market.

Premised on the above and barring unforeseen circumstances, we remain optimistic about our outlook. While we continue pursuing new opportunities, we remain cautious due to ongoing global economic uncertainties. The Board of Directors expects the Group's financial performance for the current financial year to be satisfactory.
