There are no comparative figures for the corresponding preceding quarter's results as this is the third interim financial report being announced by the Company in compliance with the Listing Requirements of the Bursa Securities.

further decreased in Networking and Telecommunication segments, which is our core customer segment contribution from RM147.5 million to RM83.8 million.

The Group's Gross Profit for the quarter under review has dropped by 39.2% to RM29.95 million comparing to RM49.27 million in preceding quarter due to decrease in revenue.

The Group's recorded lower Profit Before Tax for the quarter under review of RM15.46 million comparing to RM31.72 million due to decrease in revenue generated.

B3. PROSPECTS OF THE GROUP

As disclosed in Section 6.6.1 of the Prospectus, we believe that we are in a good position to ride on the projected growth in the market by successfully implementing our business strategies, as follows:

- (a) to expand the Group's EMS service offerings to its existing customers and securing more new customers by leveraging on its track record in the industry;
- (b) to ride on the Group's new business collaboration with GoldTek Technology Co. Ltd to further expand its EMS business; and
- (c) to expand its SMT assembly capacity, wherein the Group has allocated RM5.93 million of its IPO proceeds to purchase additional machineries and equipment to further expand its SMT assembly lines for its PCBA services, which are expected to enhance the Group's EMS efficiency.

The Group believes that its prospects in the EMS industry are favourable taking into consideration the Group's competitive strengths as set out in Section 6.5.6 of the Prospectus, the Group's business strategies as set out above as well as the outlook of the EMS industry as set out in the IMR Report in Section 7 of the Prospectus. Although the Group has recorded normalised profit before taxation position of RM19.2 million (after adjusting for the expenses for the IPO) during the first quarter of 2023 (as compared to profit before taxation of RM31.74 million during the fourth quarter of 2022), however as a comparison against the first quarter of 2022, the Group's PBT position has improved by 3.0%. During the first quarter of the financial year, the Group experienced softer sales and expects the Group's performance to recover from the second half of 2023 onwards.

According to the Independent Market Research Report prepared by Protégé Associates Sdn Bhd, the EMS market in Malaysia is expected to continue on an expansionary trend. The expectation for 10.3% CAGR growth in E&E exports from RM565.51 billion in 2022 to RM819.12 billion in 2027 bodes well for the growth of the EMS market in Malaysia. Factors boosting growth within the local EMS market is likely to come from more manufacturers from a broad range of end-user markets outsourcing more manufacturing activities to EMS market players. At the same time, the increasing adoption of electronic content in traditional and non-traditional markets such as the automotive and consumer electronics sectors also provide EMS market players with a growing pool of potential new clients. Prospects of the local EMS market have also been uplifted by the presence of an established electronics cluster in Malaysia providing a sizable and ready end-user market for EMS.

The fast pace nature of the E&E industry coupled with the continuously changing technological landscape globally, the Group's relentless effort in bringing up the value chain of the manufacturing services rendered shall keep us ahead in this competitive market. In addition, the Group intends to continuously strive for technological advancement and cost-effectiveness and build a strong collaboration in its supply chain ecosystem to better position itself in the EMS market.

(a) Kuala Lumpur High Court Civil Suit No.: WA-22NCVC-535-08/2020

BMW Credit (Malaysia) Sdn Bhd ("Plaintiff" or "BMW Credit") -v-

1. Lumileds Malaysia Sdn Bhd ("1st Defendant" or "Lumileds")

2. NationGate System Sdn Bhd ("2nd Defendant" or "NSY")

Optotronics Semiconductors Sdn Bhd ("**Optotronic**") was appointed to manufacture products for Lumileds with the machines of which Lumileds claimed ownership ("**the Machines**"). In 2018, Optotronic obtained hire purchase facilities from BMW Credit to lease the Machines but it defaulted in payment and was in liquidation. Subsequently, BMW Credit obtained a court order for Optotronic and/or any third party to deliver the machineries to BMW Credit.

Registration No. 202101004230 (1404529-K) (Incorporated in Malaysia)

PART B – ADDITIONAL INFORMATION REQUIRED BY ACE MARKET LISTING REQUIREMENTS OF BURSA MALAYSIA SECURITIES BERHAD (CONT'D)

By a manufacturing agreement dated 15 July 2020, Lumileds formally appointed NSY, the wholly-owned subsidiary of NSM to manufacture products for Lumileds with the Machines. To be appointed as the contract manufacture of Lumileds, NSY was required by Lumileds to enter into the said manufacturing services agreement where it sets out the general terms and conditions in relation to the engagement of NSY as the contract manufacturer to Lumileds to provide certain manufacturing and assembly services and to consign to NSY certain materials to be used in the connection therewith. It is a normal arrangement for NSY to retain its customers' machines in its premises under the said consignment arrangement. The value of these machineries is not recorded as our property, plant and equipment and as such the value of these machineries cannot be ascertained. In BMW Credit's attempt to recover the Machines through the court's execution process, NSY successfully denied BMW Credit access to the premises. Although the machineries are stolen from our manufacturing facilities, hence NSY could not permit BMW Credit to have access to the machineries without the permission of Lumileds. BMW then filed the above civil suit No. WA-22NCVC-535-08/2020 against Lumileds and NSY for recovery of the machineries.

The High Court has fixed the next case management on 17 July 2023.

The legal counsel acting for NSY is of the view that NSY has a fair chance to win the case.
