#### **B3.** Prospects

The financial management software industry is poised to sustain its growth momentum, driven by various factors. The increasing number of businesses underscores the rising demand for streamlined financial management processes. Businesses are continually seeking automation to enhance efficiency in response to the accelerating pace of digitalisation efforts and technological advancements. This drive towards automation is essential for businesses to remain agile in dynamic environments.

Additionally, the financial management software industry is expected to benefit from the governmental initiatives for digital transformation across Malaysia, Singapore, the Philippines, Indonesia, Thailand and Vietnam.

We are confident in our strategic positioning to capitalise on the anticipated growth trajectory in the financial management software industry and initiatives by governments. These opportunities, coupled with our Group's regional expansion plans funded by the utilisation of initial public offering ("**IPO**") proceeds, are expected to positively impact our Group's financial performance for the financial year ending 31 December 2024.

Looking ahead, our commitment to driving innovation and expanding our solutions remains unwavering. We have outlined strategic initiatives aimed at bolstering our business for the long term. In Budget 2024, the government announced RM100.00 million in digitalisation grants, benefiting over 20,000 small and medium enterprises (SMEs) and micro-entrepreneurs through Malaysia Digital Economy Corporation (MDEC). These grants support the adoption of digital technologies like e-Point of Sales systems, Customer Relation Management systems, digital marketing, e-commerce, and remote working solutions.

Additionally, we are prioritising the e-invoicing initiative which was implemented on 1 August 2024. To ensure seamless integration, we will continue to identify and allocate resources for a smooth transition, enhancing reporting, streamlining processes, and ensuring tax compliance.
