COMMENTARIES

(1) Review of performance in the current financial quarter ("Q4 2024") as compared to the corresponding financial quarter of last financial year ("Q4 2023")

In the Q4 2024, Stockbroking Segment achieved revenue of RM6.46 million, an increase of 1.84% as compared to RM6.35 million in the Q4 2023 due to increase in margin income, placement fees and commodities trading despite decrease in brokerage fees.

The revenue recorded by the Corporate Finance Segment for Q4 2024 and Q4 2023 were almost the same.

In the Q4 2024, the Group achieved an increase in gross profit by RM0.37 million or 7.32% to RM5.41 million from RM5.04 million in the Q4 2023 due to higher revenue from the Stockbroking Segment and lower cost of services recorded in the Q4 2024. Gross profit margin increases by 3.45% to 61.38% in the Q4 2024 as compared to 57.93% in the Q4 2023 was mainly due to lower direct staff costs as a result of decrease in payment of performance bonus made in Q4 2024.

B. EXPLANATORY NOTES PURSUANT TO PART A OF APPENDIX 9B OF THE LISTING REQUIREMENTS (CONT'D)

B1. REVIEW OF PERFORMANCE (CONT'D)

COMMENTARIES (CONT'D)

In the Q4 2024, the Group achieved higher PBT of RM4.76 million, an increase of RM4.09 million or 612.94% as compared to RM0.67 million in Q4 2023 mainly due to higher gross profit and interest income as well as the absence of one-off non-recurring listing expenses recorded in Q4 2023. The lower PBT margin of 7.67% in the Q4 2023 was due to the one-off non-recurring listing expenses of RM3.93 million recorded in Q4 2023.

(2) Review of performance for the 12-months financial year ended 31 October 2024 ("12-months FYE 2024") as compared to corresponding 12-months financial year ended 31 October 2023 ("12-months FYE 2023")

In the 12-months FYE 2024, the Group recorded higher revenue of RM32.57 million, an increase of RM5.17 million or 18.85% as compared to RM27.40 million in the 12-months FYE 2023. The increase was mainly due to higher revenue achieved by both the Stockbroking Segment and Corporate Finance Segment.

As a result of higher revenue in the 12-months FYE 2024, the Group's gross profit increased by RM1.70 million or 9.54% to RM19.57 million. However, gross profit margin declined by 5.10% to 60.08% in the 12-months FYE 2024 mainly due to higher amount of commission paid to dealers and remisiers, coupled with higher direct staff costs from payment of performance bonus in the 12-months FYE 2024.

The Group achieved PBT of RM18.69 million, an increase of RM6.23 million or 49.98% in the 12-months FYE 2024 as compared to PBT of RM12.46 million recorded in the 12-months FYE 2023. The increase was mainly attributable to higher gross profit and interest income as well as the absence of one-off non-recurring listing expenses recorded in Q4 2023.

COMMENTARIES

In the current financial quarter, the Group's revenue decreased by RM0.62 million or 6.58% to RM8.82 million as compared to RM9.44 million for the immediate preceding quarter. The decrease in revenue in the current financial quarter was mainly attributable to decrease in brokerage fees and corporate finance advisory fees which partially offset against increases in margin income and underwriting fees.

Despite the decrease in revenue by RM0.62 million, the Group achieved higher gross profit of RM5.41 million, an increase of RM0.13 million or 2.50% as compared to RM5.28 million in the immediate preceding quarter due to lower direct staff costs as a result of decrease in payment of performance bonus.

The Group recorded PBT of RM4.76 million in the current financial quarter, a decrease of RM0.38 million or 7.47% as compared to PBT of RM5.14 million in the immediate preceding quarter due to the allowance for expected credit losses and fair value adjustment for other investment made in the current financial period.

B3. PROSPECTS OF THE GROUP

Malaysia's gross domestic product in the third quarter of 2024 (Q3 2024) expanded by 5.3% (Q2 2024: 5.9%), buoyed by a resilient domestic demand and a further recovery in performance of the external sector.

The robust performance in Q3 2024 brought Malaysia's economic growth for the first nine months of 2024 to 5.2%, compared to 3.8% growth for the same period last year. This puts the country on the right track towards achieving the Government's official forecast range of 4.8% to 5.3%, which was revised higher from the initial estimate of between 4% and 5%.

While Malaysia's status as a highly open economy exposes the nation to the vulnerabilities arising from the fraught nature of global geopolitics and economy, YAB Dato' Seri Anwar said the MADANI Government remains optimistic about the country's outlook. He emphasised that the Ekonomi MADANI framework clearly charts Malaysia's trajectory to enhancing her value in the global supply chain, all while achieving economic security plus sustainability.

Furthermore, with the allocation of RM421 billion, Budget 2025 is set to drive fiscal and economic reforms, prioritising quality investments that will generate higher-income jobs and enhance public services and infrastructure to elevate the living standards of the rakyat. The development expenditure of RM86 billion is also boosted by private-finance initiative projects valued at RM9 billion and domestic direct investments by Government-linked Investment Companies worth RM25 billion. In total, the cumulative public investment for the purpose of development in 2025 comes to RM120 billion.

In addition, the Government has taken firm and gradual measures aimed at narrowing the deficit from 5% in 2023 to 4.3% in 2024, and further to 3.8% in 2025, signalling commitment to long-term financial sustainability. The Government remains resolute in ensuring the continuous implementation of pragmatic measures and initiatives to reinforce the country's economic fundamentals, providing a solid foundation to withstand any potential challenges that may threaten economic stability.

(Source: Ministry of Finance: Strong Third Quarter Puts Malaysia on Course to Achieve 4.8%- 5.3% Full-Year Growth dated 15 November 2024)

Given the encouraging growth prospects and government's continued policy supportive of the economy, the Board is cautiously optimistic that the trading conditions and corporate activities will remain positive which will bode well for the Group's performance in the coming financial year.
