#### B. ADDITIONAL INFORMATION REQUIRED UNDER THE LEAP LR

#### **B1.** Performance review

Performance of the current period against the corresponding period of preceding year

For the current period under review, excluding the discontinued operation, the Group revenue was RM7.4 million and loss before tax was RM3.9 million as compared to revenue of RM25.8 million and loss before tax of RM6.8 million in the corresponding period of preceding year.

The Group's revenue decreased by RM18.4 million or approximately 71% during the 2H FY24 was primarily due to cessation of Palm Oil business on April 2024. Accordingly, the financial results of the Palm Oil business with a total revenue of RM20.9 million is separately disclosed as a discontinued operation.

Notwithstanding the decrease in revenue, the Group recorded a lower gross loss of RM0.7 million during the 2H FY24 as compared to gross loss of RM6.2 million in the corresponding period of preceding year. This is mainly contributed by Renewable Energy segment arising from the profit recognition from EPCC projects.

The Group also recorded lower loss before taxation, which decreased by RM2.8 million or approximately 42% during 2H FY24 as compared to the corresponding period of previous year. This is mainly due to lower gross loss recorded for 2H FY24, and further contributed by lower finance cost due to decrease in outstanding loans and borrowings.

#### **B2.** Prospects
