PART B - ADDITIONAL INFORMATION REQUIRED UNDER THE LEAP MARKET LISTING REQUIREMENTS OF BURSA SECURITIES ("LISTING REQUIREMENTS")

#### **B1** Review of Performance

Comparison between current 6 months financial period ("1H FYE 2024") and the preceding year 6 months financial period ("1H FYE 2023")

At the conclusion of 6-month FPE 31 December 2023, the Group's revenue stood at RM10.13 million, showing a decrease of RM5.38 million or 34.7% as compared to the RM15.51 million recorded in the same corresponding period of the preceding year. The decrease was mainly owing to the reduced number of significant projects scored for air pollution control systems as a result of the slowdown in the semiconductors and macroeconomic concerns. For the 1H FYE 2024, the air pollution control systems segment contributed RM5.53 million to the Group's revenue, which was RM3.20 million or 36.6% lesser as compared to the RM8.73 million recorded in the same corresponding period of the preceding year.

In terms of revenue contribution by geographical location, domestic market remained as the strongest support contributing 80.1% to the Group's revenue wheareas overseas customers taking place for the other 19.9% which was mainly contributed by customers from Vietnam, Singapore and Saudi Arabia.

In line with the drop in the Group's revenue, the Group reported a Profit Before Tax ("PBT") of RM2.05 million, with a decrease of RM3.76 million or 64.7% as compared to the RM5.81 million reported in the same corresponding period of the preceding year. Correspondingly, the Group's Profit After Taxation ("PAT") was closed at RM1.63 million, with a decline of RM2.96 million or 64.5% as compared to the RM4.59 million recorded for 1H FYE 2023.

#### **B2** Commentary on Prospect

The second half of 2023 has been challenging for Malaysia and the global economy as soaring energy and food prices have caused widespread of inflationary pressure. As a consequence of high inflation, countries around the world, including Malaysia, have begun tightening its monetary policies by increasing interest rates. This has resulted in increasingly challenging business environment and raising cost pressures to companies.

Despite the challenging macroeconomic factors and business environment, the Group has continued its efforts in expanding the business. During the financial period under review, the Group had acquired new machinery to increase its production capacity as well as staff headcount to support its operational needs and business growth.

Premised on the above and barring unforeseen circumstances, the Board of Directors of the Company expects the Group's financial performance for the current financial year to be satisfactory.

#### B3 Profit Forecast, Profit Guarantee and Internal Targets
