INVESTOR LETTER

It brings me great delight to announce that CIMB-Principal Asset Management continues to win more local and international awards. In April we prevailed by winning the Morningstar (Malaysia) Fund Awards 2009 for CIMB Islamic Balanced Fund in the Islamic Balanced Fund category, which recognises the fund's achievement in adding the most value within its peer group for investors over the past year and over the longer-term. On top of that, Failaka Advisors, a respected advisory firm in the development of Shariah-compliant investment products honoured us with not one, but 3 awards for Best Asian Equity 1 Year (CIMB Islamic Asia Pacific Equity Fund), Best Malaysian Equity 5 Years (CIMB Islamic Equity Fund) and Best Malaysian Equity 1 Year (CIMB Islamic Equity Aggressive Fund).

I would also like to congratulate our sister company CIMB-Principal Islamic Asset Management. It won the Best Islamic Fund Manager 2009 and the Best Islamic Wealth Management Provider 2009 from Islamic Finance News and the Best Asset Management Company from Global Finance in recognition of our involvement to the growth of Islamic finance by meeting investors' needs. These rewards are a recognition and appreciation of our investment capabilities as it endorses and confirms our investors trust in us.

CIMB-Principal also continued its pursuance of innovation by listing the first ETFs that are invested offshore on Bursa Malaysia. They are the CIMB FTSE ASEAN 40 Malaysia and the CIMB FTSE Xinhua China 25. The CIMB FTSE ASEAN 40 Malaysia will feed into the world's first and only ASEAN ETF the CIMB FTSE ASEAN 40 which has been listed on the Singapore Exchange (SGX) since September 2006.

I am also happy to announce that effective 30 June the acquisition of BT Asset Management in Thailand was completed. With this exercise, CIMB-Principal is now carrying on business in four countries, Malaysia, Indonesia, Singapore and Thailand. This expansion is timely in our course for regionalization as it brings about opportunities for us to advance our business and provide even greater opportunities for our investors.

Here's to a better second half of 2010.

Your's sincerely

Campbell Tupling
Chief Executive
CIMB-Principal Asset Management Berhad

MARKET REVIEW

The September and third quarter economic data suggested China’s growth is still healthy with a soft landing scenario. The push to double wages over the next 5 years and to move up the value-added chain reiterated the strategy to see domestically fuelled growth rather than being dependent on the export model. The third quarter GDP growth was at 9.6% while PPI rose 4.3% year-on-year on rebounding commodities and material prices. The strong soft commodities especially food prices momentum continued unabated, with a harsh winter looming and global soft commodities prices surging, which prompted the PBOC surprise rate hike to normalize deposit rates and steady inflation expectations ahead of the next round of quantitative easing in the west.

FUND PERFORMANCE

	Since Inception
Income (%)	-
Capital (%)	1.58
Total Return (%)	1.58
Benchmark (%)	2.17
Average Total Return (%)	1.58

Since inception, the Fund increased by 1.58% marginally underperforms the benchmark which increased by 2.17%.

Changes in Net Asset Value (“NAV”)

	9.07.2010	30.09.2010	% changes
Net Asset Value (“NAV”) (RM Million)	11.05	22.08	99.82
NAV/unit (RM)	1.0134	1.0294	1.58

Since inception, the total Net Asset Value increased by 99.82% contributed mostly by the units creation.

NAV per unit increased by 1.58% for the same period.

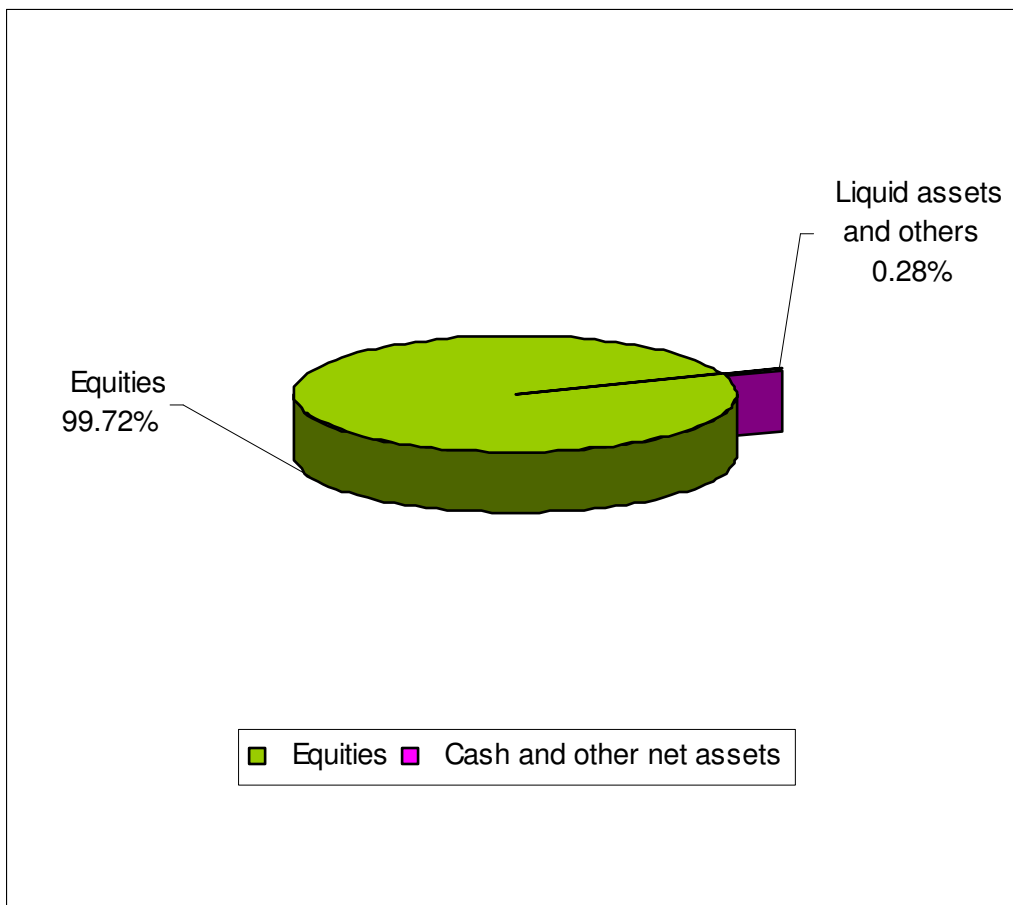

Performance data represents the combined income and capital return as a result of holding units in the fund for the specified length of time, based on NAV to NAV price. The performance data assumes that all earnings from the fund are reinvested and are net of management and trustee fees. Past performance is not reflective of future performance and income distributions are not guaranteed. Unit prices and income distributions, if any, may fall and rise. All performance figures ended 30 September 2010 has been verified by Mercer Zainal Consulting Sdn Bhd, Consulting Actuaries (35090-H).

PORTFOLIO STRUCTURE

Asset allocation

(% of NAV)	30.09.2010
Equities	99.72
Liquid assets and others	0.28
TOTAL	100.00

The Fund keeps minimal cash in the portfolio to meet its objective of tracking the benchmark performance.

MARKET OUTLOOK

Going forward, we expect China to achieve soft landing in 2011 with easing credit conditions, stable property market and social housing projects to support fixed asset investment. With the local government funding vehicle (LGFVs) issue moving closer to a solution and no more major tightening on the property sector, the trading window for Chinese stocks remains enlarged.

INVESTMENT STRATEGY

The Fund will continue to remain fully invested with minimal cash kept for liquidity purposes in order to track the performance of the benchmark.

REBATES AND SOFT COMMISSION

Dealings on investments of the Fund through brokers or dealers will be on terms which are best available for the Fund. Any rebates from brokers or dealers will be directed to the account of the Fund.

The Investment Manager may from time to time receive and retain soft commissions in the form of subscription for real-time services or advisory services that assist in the decision-making process relating to the Fund's investments from brokers or dealers.

During the financial period under review, the management company did not receive any rebates and soft commissions from brokers or dealers.

**NOTES TO THE UNAUDITED FINANCIAL STATEMENTS
FOR THE FINANCIAL PERIOD FROM 9 JULY 2010 TO 30 SEPTEMBER 2010**

1. THE FUND, THE MANAGER AND ITS PRINCIPAL ACTIVITY

CIMB FTSE XINHUA CHINA 25 (the "Fund") was constituted pursuant to the execution of a Deed dated 19 April 2010 and has been entered into between CIMB-Principal Asset Management Berhad (the "Manager") and Deutsche Trustees Malaysia Berhad (the "Trustee").

The principal activity of the Fund is to provide investment results that, before expenses, closely correspond to the performance of the Underlying Index. The Fund commenced operations on 9 July 2010 and will continue its operations until terminated by the Manager.

The Manager, a company incorporated in Malaysia, is a subsidiary of CIMB Group Sdn Bhd and regards CIMB Group Holdings Berhad as its ultimate holding company. Its principal activities are the management of unit trusts and fund management activities.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following accounting policies have been used consistently in dealing with items which are considered material in relation to the financial statements.

(a) Basis of preparation

The financial statements of the Fund have been prepared under the historical cost convention except as disclosed in this summary of significant accounting policies, and in accordance with the Deed, the Financial Reporting Standards ("FRS") in Malaysia and the SC Guidelines on Exchange Traded Fund.

- (i) The new accounting standards that are effective for the Fund's financial period beginning on or after 1 January 2010 are as follows:
- FRS 139 "Financial Instruments: Recognition and Measurement" (effective from 1 January 2010) GN3 establishes principles for recognizing and measuring financial assets, financial liabilities and some contracts to buy and sell non-financial items. Hedge accounting is permitted under strict circumstances. The amendment to FRS 139 provides further guidance on eligible hedged items. The amendment provides guidance for two situations. On the designation of a one-sided risk in a hedged item, the amendment concludes that a purchased option designated in its entirety as the hedging instrument of a one-sided risk will not be perfectly effective. The designation of inflation as a hedged risk or portion is not permitted unless in particular situations. The improvement to FRS 139 clarifies that the scope exemption in FRS 139 only applies to forward contracts but not options for business combinations that are firmly committed to being completed within a reasonable timeframe.
 - FRS 8 "Operating Segments" (effective for annual period beginning on or after 1 July 2010) replaces FRS 114₂₀₀₄ Segment Reporting. The new standard requires a 'management approach', under which segment information is reported in a manner that is consistent with the internal reporting provided to the chief operating decision-maker.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**(a) Basis of preparation (continued)**

(ii) The new standards that have been issued which are relevant to the Fund and have not been early adopted are:

- FRS 7 “Financial instruments: Disclosures” (effective from 1 January 2010) provides information to users of financial statements about an entity’s exposure to risks and how the entity manages those risks. The improvement to FRS 7 clarifies that entities must not present total interest income and expense as a net amount within finance costs on the face of the income statement. This standard does not have any impact on the classification and valuation of the Fund's financial statements. The Fund will apply this standard when effective.
- The improvement to FRS 8 (effective from 1 January 2010) clarifies that entities that do not provide information about segment assets to the chief operating decision-maker will no longer need to report this information. Prior year comparatives must be restated. The Fund will apply this improvement to the standard when effective.
- The revised FRS 101 “Presentation of financial statements” (effective from 1 January 2010) prohibits the presentation of items of income and expenses (that is, 'non-owner changes in equity') in the statement of changes in equity. 'Non-owner changes in equity' are to be presented separately from owner changes in equity. All non-owner changes in equity will be required to be shown in a performance statement, but entities can choose whether to present one performance statement (the statement of comprehensive income) or two statements (the income statement and statement of comprehensive income).

Where entities restate or reclassify comparative information, they will be required to present a restated balance sheet as at the beginning comparative period in addition to the current requirement to present balance sheets at the end of the current period and comparative period. The Fund will apply this standard when effective.

- FRS 107 “Statement of cash flows” (effective from 1 January 2010) clarifies that only expenditure resulting in a recognised asset can be categorised as a cash flow from investing activities. The Fund will apply this standard when effective.
- FRS 110 “Events after the balance sheet date” (effective from 1 January 2010) reinforces existing guidance that a dividend declared after the reporting date is not a liability of an entity at that date given that there is no obligation at that time. The Fund will apply this standard when effective.
- FRS 118 “Revenue” (effective from 1 January 2010) provides more guidance when determining whether an entity is acting as a ‘principal’ or as an ‘agent’. This standard does not have material impact on the classification and valuation of the Fund's financial statements. The Fund will apply this standard when effective.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**(a) Basis of preparation (continued)**

(ii) The new standards that have been issued which are relevant to the Fund and have not been early adopted are:

- The amendments to FRS 132 “Financial instruments: Presentation” and FRS 101(revised) “Presentation of financial statements” - “Puttable financial instruments and obligations arising on liquidation” (effective from 1 January 2010) require entities to classify puttable financial instruments and instruments that impose on the entity an obligation to deliver to another party a prorata share of the net assets of the entity only on liquidation as equity, if they have particular features and meet specific conditions. The Fund will apply these amendments to the standard when effective.

(b) Investments

Investments are recorded at cost, which include transaction costs, and subsequently revaluation to their fair values as at the date of Statement of Assets and Liabilities.

Unrealised gains or losses are transferred to the fair value reserve included in net assets attributable to shareholders and is not distributable.

(c) Income recognition

Interest income earned from deposits is recognised on the accrual basis.

Realised gain or loss on disposal of investments is calculated based on difference between the net disposal proceeds and the carrying amount of investments, determined on weighted average cost basis.

3. MANAGEMENT FEE

In accordance with Clause 15.1 of the MasterDeed dated 19 April 2010, the Manager is entitled to a fee of up to 3.00% per annum calculated and accrued daily based on the net asset value of the Fund.

For the financial period ended 30 September 2010, the management fee is recognised at a rate of 1.80% per annum (2008: 1.80%).

4. TRUSTEE’S FEE

In accordance with Clause 15.2 of the Master Deed dated 19 April 2010 the Trustee is entitled to a fee not exceeding 0.20% per annum calculated based on the net asset value of the Fund, subject to a minimum fee of RM18,000 per annum.

For the financial period ended 30 September 2010, the Trustee’s fee is recognised at a rate of 0.08% per annum (2008: 0.08%)
