**Kuala Lumpur, 27 August 2019** – UEM Edgenta Berhad ("UEM Edgenta" or "Company"), the region's leading Asset Management and Infrastructure Solutions company released their unaudited second quarter results for the financial period ended 30 June 2019 ("Q2 FY2019") here today.

The Company has declared an interim dividend of 6 sen per share, in respect of H1 FY2019. The revenue growth in Healthcare Support division is mainly attributed to new projects secured from its regional operations in Singapore and Taiwan during this period.

On the back of a challenging first half for the infrastructure sector, the Company's Infrastructure Services division registered a modest 2.2% increase in revenue for H1 FY2019. UEM Edgenta's Infrastructure Services division is the leading highway maintenance service provider in Malaysia and is also present in Indonesia where it is currently seeking further long-term growth opportunities. The Asset Consultancy division on the other hand recorded a 1.9%
