YEAR 2016**

SHAH ALAM, Thursday, 27 August 2015 – DRB-HICOM Berhad (“DRB-HICOM”) today announced group revenue of RM2.95 billion for the first quarter ended 30 June 2015.

The Group recorded a pre-tax profit of RM16.68 million in the current quarter, mainly due to the lower contribution from automotive sector. The automotive industry is currently experiencing challenging motor vehicles sales due to various factors including more stringent loan approval policies coupled with weaker consumer sentiments and more intense competition.

DRB-HICOM as a group, with a diverse portfolio of products and services across various business sectors, has been affected by the current market sentiments and challenging economic and business landscape.

Recognising the need to mitigate the impact of the current market conditions, DRB-HICOM has taken pro-active measures to be more vigilant in managing its cost of doing business through effective cost controls while optimising its resources and improving operational efficiencies, as well as more aggressive sales and marketing initiative throughout the Group.
