ZELAN BERHAD ("ZB" or "the Group") (Company No: 27676-V)

NOTES TO THE INTERIM FINANCIAL REPORT FOR THE TWO MONTHS ENDED 31 DECEMBER 2007

1. Basis of Preparation

The interim financial report of the Group has been prepared in accordance with FRS 134, "Interim Financial Reporting" and paragraph 9.22 of the Listing Requirements of Bursa Malaysia Securities Berhad and should be read in conjunction with the Group's audited financial statements for the financial year ended 31 January 2007.

The significant accounting policies and presentation adopted for the interim financial report are consistent with those adopted in the Group's most recent audited financial statements for the financial year ended 31 January 2007 except for the adoption of the following new/revised Financial Reporting Standards ("FRS") effective for the financial period beginning on or after 1 October 2006:

FRS 117 Leases

FRS 124 Related Party Disclosures

The adoption of the above new/revised FRSs did not result in a significant change in the accounting policies except that the adoption of the revised FRS 117 has resulted in a retrospective application of the change to the accounting policy relating to the classification of leasehold land. The up-front payment made for the leasehold land represents lease prepayments and is amortised on a straight-line basis over the lease term.

Upon adoption of the revised FRS 117 at 1 February 2007, the carrying amount of leasehold land is retained as the surrogate carrying amount of lease prepayments as allowed by the transitional provisions of FRS 117. The reclassification of leasehold land as lease prepayments has been accounted for retrospectively and the prior year comparative has been reclassified accordingly.

The disclosure requirements of the revised FRS 124 will be presented in the annual financial statements for the financial period ending 31 March 2008.

In addition, the Group adopted a new accounting policy during the period to date with regards to the measurement of its investment in IJM Corporation Berhad ("IJM") whereby after this investment ceased to be an associate of the Group, this investment has been classified as an "available-for-sale investment" on the consolidated balance sheet and is measured at fair value with gains or losses recognised as a separate component of equity. When the investment, or a portion thereof, is derecognised or determined to be impaired, the related cumulative gains or losses previously recognised in equity will be included in the consolidated income statement.

2. Auditors' Report on Preceding Annual Financial Statements

The auditors' report on the Group's financial statements for the financial year ended 31 January 2007 was not subject to any qualification.

3. Seasonal or Cyclical Factors

The Group's operations are not materially affected by any seasonal or cyclical factors.

4. Unusual Items

There were no unusual items affecting assets, liabilities, equity, net income or cash flows during the two months period under review because of their nature, size, or incidence except for:-

i) the reduction of fair value reserve amounting to RM8.233 million in respect of the available-for-sale investment as compared to 31 October 2007.

There were no unusual items affecting assets, liabilities, equity, net income or cash flows during the financial period to date under review because of their nature, size or incidence except for:-

- i) the gain on deemed disposal of the investment in an associate of RM10.088 million following the dilution on the Group's shareholding in IJM to 11.4% due to the issuance of 258,881,538 new shares in IJM for its acquisition of Road Builders (M) Holdings Berhad on 2 April 2007. Effective from that date, IJM is no longer considered as an associate of the Group.
- ii) the loss of RM0.038 million incurred on disposal of 3,220,600 Fiamma Holdings Berhad shares.
- iii) the gain on disposal of 12,000,000 IJM shares of RM31.624 million.
