2. Auditors' Report on Preceding Annual Financial Statements

The auditors' report on the Group's financial statements for the financial year ended 31 December 2021 contained a paragraph on material uncertainty relating to going concern, as follows:-

"We draw attention to Note 2.1(i) in the financial statements, which indicates that the Company incurred a net loss of RM3.04 million during the year ended 31 December 2021 and, as of that date, the Group and the Company's current liabilities exceeded the current assets by RM186.89 million and RM21.67 million respectively. As stated in Note 2.1 (i) these events or conditions, along with other matters as set forth in 2.1 (i) indicate that a material uncertainty exists that may cast significant doubt on the ability of the Group to continue as going concerns. Our opinion is not modified in respect of this matter."

The Directors of the Company were of the opinion that the preparation of the financial statements of the Group for the year ended 31 December 2021 on a going concern basis remain appropriate given the following measures being taken and would be taken by the Group to address the material uncertainty relating to its going concern:-

- Re-evaluate current contracts to optimise potential revenue and progressively reduce costs on the job scopes and services provided;
- Negotiate with subcontractors on the terms and timing of settlement payments for ongoing and completed projects;

The Group reported a profit before zakat and taxation ("PBZT") of RM6.2 million in the current quarter under review compared to a PBZT of RM1.1 million in the corresponding quarter of FY2021.
